Knollwood Real Estate Company (N. Y.) Value of Property Certificate. Mr. G. J. Dwyer, Secretary of the Knollwood Country Club, located at 31 Nassau Street, New York City, informed us on August 4, 1937, that there was no market for this certificate at any time near January 8, 1937, in view of the fact that property certificates are no longer a requirment for membership. There are approximately 130 certificates ahead of those held by the Estate that have a preference as to sale should any market occur at a later date. In view of the above, I believe that the certificate had only a nominal value of $1. as of January 8, 1937.

Kolo Products Company Inc.	The Better Business Bureau of Baltimore, Inc. informed us as follows on Nov. 23, 1935: "We have been able to get information from one of the former stockholders, who tells us the following: "I think it sold 125,000 shares of Kolo Products stock at $1. per share to United Founders." He, however, states to us that he is giving us this from memory as it has been some time ago. He further states, "That Petit was all kinds of a scamp, and when in New York when this thing was being closed up some years ago, I found that Mayer, of the Metro-Goldwyn Mayer Company, had put $75,000. in it, and a partner of Prince and Whitely had put in $50,000. You can certainly write Marvyn Scudder & Co. stating that the whole thing has been washed up; that the evidences of fraud lay in the operation and so far as I know no one was ever brought to board. Personally we know that this particular stockholder whom we have quoted was a victim for a large amount."

Kroger Grocery & Baking Co., Cincinnati, Ohio. In April 1928 and April 1929, this company paid a 5% stock dividend on its outstanding Common Stock. Where full shares were not due the stockholder, fractional scrip certificates for the amount due were issued on the basis of 1/20th of one share for each share held. According to the terms under which these scrip certificates were issued, the company was to sell on the New York Stock Exchange on Dec. 31, 1928, and again on Dec. 31, 1929, a sufficient number of shares as was represented by the fractional scrip certificates still outstanding, and the company was to set up a reserve to pay for the scrip certificates in cash as they were presented. These scrip certificates did not show the name of the stockholder, and could have been exchanged for full shares at any time up to December 31st of the year in which they were issued. As of March 22, 1938, there were 43 certificates, representing 281 fractions outstanding of the 1928 scrip. For each 1/20th of one share there is set up on the company's records an amount of $5.733. Of the 1929 scrip there were 600 certificates outstanding as of the above date, representing 3,490 fractions. Each 1/20th of one share of this scrip is worth $2.16. The difference in the price shown between the 1928 and 1929 scrip certificates is of course due to the difference in the market price of the stock on Dec. 31, 1928 and Dec. 31, 1929. You will note by the above figures that the company has set up a reserve in excess of $9,000. to redeem these scrip certificates. The certificates are payable at the offices of the company, located at 35 East Seventh Street, Cincinnati, Ohio, attention of Mr. F. M. Grieme, Assistant Treasurer.

Ky Oil & Gas Development Corp.	Del.	1937.

Ky-O-Va Oil & Gas Company. Incorporated in Delaware and became inoperative on March 21, 1923. The last report filed in 1919 showed offices at Steubenville, Ohio, President Everett Ferguson, Steubenville, Ohio. Vice Pres., O. L. Taylor, Louisville, Ky. Treasurer, W. B. Taylor, Wellsburg, W. Va. We know of no value to the stock.

Kycoga Land Company. The assets of this company consist wholly of scattered parcels of land, which due to inaccessability, will probably be extremely hard to dispose of. The assessed valuation of these lands for 1927 tax purposes, amounted to $295,370. and Mr. Hadden computes their real value at about $300,000. However, he thinks a sale at anything like that figure is extremely unlikely and although the book value of the stock is about $60.06 per share, he said he would not pay anything like $20. a share for it, and thinks that a sale at more than 10¢ on the dollar would be impossible.

L. A. W. Acceptance Corporation of Mass. Incorporated in Massachusetts and changed its name to the United L. A. W. Corporation in October 1923. The latter corporation was succeeded by the Superior Credit Corporation in 1928. We sent several letters to the present company, which is now located at 32 Franklin Street, Worcester, Massachusetts, requesting information as to the value of the preferred and common shares of the subject company, and they have not been answered nor returned. However, we found no market for these shares at any time near the date of death. Therefore, we believe that the preferred and Class A common shares had only a nominal value as of Aug. 31, 1932, and submit them as such as of that date.

Lackawanna Land & Improvement Co. Incorporated in New York on June 30, 1899 and was located at Buffalo, N. Y. Cummings and Bissell of Buffalo, N. Y. acted as attorneys. Mr. C. DeForest Cummings, an attorney located at Genesee Bldg., Buffalo, N. Y. informed us as follows: ". . . The Cummings, whom you mention as one of the incorporators, was my father and both he and Mr. Bissell are dead and I know of no one else interested in the company to whom to turn to for information. I vaguely recall this company and know that my father had stock in it but that the stock had no value at the time of his death. It is my thought, although I have no information to support it, that this company was formed for the sole purpose of dividing and selling a tract of land south of the City of Buffalo; was unsuccessful; the land passed out of the company by foreclosure, and the Charter was abandoned." In view of the above we believe the shares are worthless.

Laconia Car Company. The contention of the holders of unstamped preferred stock was that they were entitled to receive the accumulations of $70. a share on their stock before other stockholders received anything. The court decided against this contention, but the basis of their decision was that the preferred stockholders who did not waive the accumulations of $70. a share will have their shares valued for the purpose of receiving liquidating dividends at approximately $191. ($100. par plus $70. dividends not waived, plus $21. additional accrued dividends to July 1, 1931) While stockholders who waived their right to the $70. back dividends accumlated to Jan. 1, 1924, will have their stock valued on the basis of $121. a share ($100. a share, plus $21. additional accrued dividends to July 1, 1931). As the liquidation was not completed by July 1, 1931, there was added to the valuation of both stamped and unstamped preferred stock the amount of dividends accumulated from July 1, 1931 to the date of final liquidation. There were outstanding 311 shares of preferred stock on which dividends were not waived and 6,990 shares on which accumulated dividends were waived. The directors voted a fourth payment of $4. per share to preferred stockholders as a further partial distribution in liquidation. Three previous payments in liquidation aggregating $30. per share had already been made. There was a further payment of $19.50 per preferred share. We believe that unstamped stock may be sent to the First National Bank of Boston for collection.

Lake View No. 2 Oil Company. Value of 1560 shares of capital stock, par value $1. The Lake View No. 2 Oil Company was organized under the laws of the State of California in 1910 and changed its name to Lake View Oil & Refining Company some years ago. On May 8, 1931, Mr. Paul J. Hisey, located at Edwards & Wildey Bldg., Los Angeles, California, was appointed Receiver in Equity. Mr. Hisey sent us the following letter dated Nov. 12th, 1935. "Relative to your inquiry of the 8th inst., as to Lake View No. 2 Oil Company stock. This company changed its name to Lake View Oil & Refining Company some years ago. On May 8, 1931, I was appointed Receiver in Equity for the Lake View Oil & Refining Co. Within the legal time limit thereafter, a group of creditors petitioned bankruptcy but a hearing on said petition has not at this date been given. The receivership to date has shown a profit, but based upon present earnings would take several years longer to pay creditors in full. The concern is for sale, there are leases, refinery and personal equipment (they own no real estate) as an operating concern, but so far there has been no offers or indication of offers that would anywhere near pay creditors. I am informed that in some instances a value of 1c per share has been acceptable to tax authorities. In some instances the stock has been listed as having no value. There has been no actual sales of stock since my appointment as Receiver, that has come to my knowledge." The shares were last quoted in January 1934 at 2 cents per share.

Land & River Company. (New York.) Succeeded a company of same name incorporated in New Jersey. The assets of this company consisted almost entirely of unimproved lots and lands in or near the City of Superior, Wisconsin. The New York office was located at 30 Broad Street, New York City. On October 31, 1910, it was decided to redeem at par on December 15, 1910, all of the First Preferred Fractional Certificates and to make a distribution of 30% on the First Preferred stock on account of the cumulative dividends on said stock on November 15, 1910. A further distribution of 18% was paid on the First Preferred stock. A final dividend of $8. per share was paid on the First Pfd. stock.
Land & River Company (N. Y.) Mr. Henry L. DeForest, an attorney, located at 20 Exchange Place, New York City, informed us on Dec. 7, 1937, that William K. Hopkins, % Attorney General's Office, 80 Center St., N. Y. C. and Paul Bailey, Bay Shore, N. Y. were appointed Receivers of the company in 1933. Subsequently they were discharged and such funds as remained in their hands were turned over to the County Treasurer of Suffolk County, Riverhead, N. Y. The County of Suffolk, Treasurer's Office, Riverhead, N. Y. informed us on Dec. 9, 1937 that there was deposited in their office as a part of their Court and Trust fund, a certain amount due to various persons who failed to comply with the request of the Receivers as to deposit of stock, etc. The Court will be able to furnish the information required if you furnish them with the name of the security holder of record. They will then be able to inform you whether or not any funds have been credited to same. For the withdrawal of such funds the Court will require two certified copies of an Order issued out of the Supreme Court directing payment to the proper person. As we recall it certain securities of the New Jersey Co. were exchanged for securities of the New York Company, which have a liquidating value.
Land and River Improvement Co. Incorporated in New Jersey on April 30, 1883 and lost its charter on May 2, 1899. The charter was not reinstated. The attorney was DeForest Weeks, 120 Broadway, N. Y. C. President, Warner Van Nordon. On August 22, 1918 the Land & River Company, reorganized, informed us that the securities of this company, except the Prior Lien bonds are absolutely worthless, as there was a large deficiency when the Prior Lien mortgage was foreclosed. Therefore we submit the capital stock and general mortgage bonds as worthless.

Lansingburgh & Cohoes R. R.	Incorporated in New York and owns the road from Lansingburgh to Cohoes, N. Y. This road is leased to the United Traction Co., located at 598 Broadway, Albany, N. Y. Mr. F. W. Dingley, Treasurer of the company, informed us as follows on July 2, 1936: "This company is leased to the United Traction Co. and the rental received from this lease is used to pay the semi-annual dividends, after payment of corporation income taxes. The dividends have been paid regularly to date and the last one was paid on May 15, 1936. These dividends will be continued as long as the United Traction Co. continues the lease. I am unable to advise you the value of the stock, inasmuch as there have been no sales in recent years. Neither can I inform you as to the effect of the reorganization of the United Traction Co. on the Lansingburgh and Cohoes Railroad Co. The United Traction Co., as you probably know, is now in receivership and it is impossible to state how the directors under the reorganization will view the lease of the Lansingburgh and Cohoes Railroad. This latter company is now a bus line and the busses were purchased and are owned by the Receivers of the United Traction Co. The track and overhead construction have been abandoned and should the reorganized company decide to cancel the lease, it would appear that the stock of the Lansingburgh and Cohoes Railroad Co. would be of little value.

La Trinidad Mining & Developing Co. Incorporated in Missouri on July 6, 1896 and dissolved by an order of the Supreme Court, Division 2, April, 1901 term. The incorporators were: L. T. Taylor, St. Louis, Mo.; Robt. G. Cogan, St. Louis, Mo.; A. B. Benesch, St. Louis, Mo.; J. A. Hudson, St. Louis, Mo. The company apparently did not get beyond the development stage as no annual report was ever filed. It is our opinion that the shares are without value.

Latrobe Steel Company. Company was sold to the Railway Steel Spring Company of New York. We understand that about $400. was paid on each share in liquidation. The court held that the dissenting stockholders were entitled to receive all cash instead of part in stock of the Latrobe Steel & Coupler Co.

Level Club, Inc. Incorporated in January, 1920 as a club and owned properties at 253-267 W. 73rd St., N. Y. C. Funded Debt: 1st Mortgage 6's 42, $2,223,-800. Int. and Prin. default; 2nd Mortgage 6's 31, $550,000.; Debenture 6's 44, $1,406.513. The property was sold at foreclosure sale on May 18th, 1931 and purchased by the bondholders committee. The sale was held to satisfy a judgment of $2,379,510. obtained by Marine Midland Trust Company as Trustee for the First Mortgage bonds. Back taxes amounted to $212,000. It is reasonable to assume that there were not sufficient funds to pay off the back taxes and satisfy the first mortgage leaving no equity for the second mortgage and debenture bonds, which are without value. Mr. Alexander Rosenbaum, an attorney, at 10 E. 40th St., N. Y. C. and former Vice President of the company confirmed the above on Dec. 2, 1932, to the effect that the debenture bonds had no equity after the sale and are without value.
Level Club, Inc. The Marine Midland Trust Company of New York City, holds an unclaimed balance of $91.02 for distribution on the First Mortgage 6% bonds dated Nov. 2, 1927 and due Nov. 1, 1942, at the rate of $22.20 per $1000. bond. The Trustee also holds an unclaimed balance of $22.94 for distribution on these bonds at the rate of $3.70 per $1000. certificate, representing the second payment.

The corporation was placed in receivers' hands in 1928, and the property was subsequently sold under foreclosure for the benefit of the first mortgage bondholders. The bondholders received only twenty cents on the dollar, leaving no equity for the capital stock which is without value.
Leverich Towers (Brooklyn). The First Mortgage 6½% bonds due 1925 with coupon No. 6 and subsequent attached, received $296.83 on each $1000. bond from the Manufacturers Trust Company, New York City. See Brookhold Construction Co., Inc.

Leves Realty Corporation. Value of $200 guaranteed 5½% first mortgage certificate No. J-302377, guarantee No. 185400, covering land and building at North West Corner Grand Avenue and Simonson Street, Elmhurst, New York. The Mortgage Servicing Corporation informed me that the above mortgage in the amount of $12,000 is under foreclosure. There are interest arrears of $2,880, tax arrears of $1,941.10, and water and assessment arrears of $410.90. Defaulted certificates were quoted by brokers about the date of death at 20 flat. In view of the above, I do not believe the cerificats had a fair value in excess of 20 flat as of the date of death. Therefore, I submit 20 flat, or $40 as a fair value for the $200 certificate as of December 27, 1936.

Lexington Hotel Co. Value of Cfts. of Dep. for 7% Series B bonds due 1937. The Northern Trust Company of Chicago as Trustee under the will of Eber B. Ward, owns the ground at 2135 S. Michigan Ave., which was formerly leased to the Lexington Hotel. There was a default in the ground lease and the owners of the ground subsequently instituted forfeiture proceeding in June, 1932. In as much as the first mortgage bonds were on the leasehold only, they received no equity. Therefore we submit the Cfts. of Dep. as worthless as of July 30, 1934.

Libertad Mining Co. The Royal Bank of Canada, Lima, Peru, informed us on May 23, 1936 that this company is considered lost, as the corresponding contribution on the mines has not been paid; being liable to a new denouncement which, possibly if it has not been done at present it will not be affected, as the drop in the price of silver offers no prospects for any further capital being invested in these mines. The shares are therefore worthless.

Liberty Bell Oil Company. Organized as a joint stock association under a Declaration of Trust dated April 27, 1920, filed with the County Clerk of Reeves County, Texas. Letters addressed to the company at Pecos, Texas were returned marked "Unclaimed." We searched our petroleum registers and found no record of the company. The company apparently forfeited its leases and went out of business when the company failed to strike oil. We found no value to the stock and therefore believe the shares are without value.
Liberty Bell Oil Company. Incorporated in California and lost its charter on March 2, 1918. We found no record of this company's operations nor any value to the stock. Therefore we believe the shares are without value.

Lido Corporation. Organized under the laws of New York and in 1920 had an office at 52 Broadway, N. Y. C. This corporation originally owned property at Long Beach, N. Y. which was foreclosed in 1920 and purchased by the Lido Realty Corp. Apparently all of the securities of the Lido Corp. were wiped out as a result of the foreclosure and back in 1922 the capital stock and 6% certificates of indebtedness due 1925 were carried at no value. We find record of the following sales at auction; 1918, Dec. 14, $5,000. par value 6% certificates of indebtedness at $112. the lot in Boston. 1925, January 2, 50 shares of capital stock at $5. the lot in N. Y. C. In view of the above we believe the stock to be worthless.

Liederkranz. Value of Cft. of Indebtedness No. 594 for $10. This club is located at 119 E. 58th St., N. Y. C. Mr. Claude H. Valenture, Secretary of the Club informed us the certificate is only payable upon the option of their Board of Trustees; or in case of dissolution of the club, when the holder becomes a creditor after the first mortgage. Neither of these cases, he states, is probable. Ninety per cent of the holders of the certificates gave them to the Club. It might be possible to dispose of the certificate to one of the members. We hesitate at this time to place a value on the certificate. (1934.)

Lightning Creek Gold Mines Ltd. The company, located at 402 Ritz Apartment Hotel, Vancouver, B. C. in care of C. H. Unverzagt, informed us as follows on Dec. 18, 1936. ". . . in reference to the Lightning Creek Gold Mines Limited has been received. This is a going concern and although it is not operating its own property now it sold out sometime ago and took a big stock interest and expects soon to have reasonable returns from this stock and re-distribute what it receives in this manner to its own stockholders. At a recent meeting the company was authorized to change the par value of its shares from $5. to $1. so you will please inform your client to send in the shares and they will get five times the present number of shares but in dollar shares. If you had mentioned the name we could have given you more definite information."
Lightning Creek Gravels & Drainage Co. Incorporated in British Columbia and changed its name to Lightning Creek Gold Mines, Ltd., in 1929. The registered office is located at 402 Ritz Apartment Hotel, Vancouver, B. C., in care of J. T. Unverzagt, President. The President informed us as follows on July 19, 1937: "Replying to your letter of the 12th, would state that there is no sale for these shares of the Lightning Creek Gold Gravels & Drainage Company at this time. The name of this company has been changed to that of the Lightning Creek Gold Mines, Ltd. The par value of this stock has also been changed from $5. to $1. per share and will appreciate it if your client will send in his present certificate, and have it changed. This company sold the mine in question in 1930 to the Consolidated Gold Alluvials, and this Company has been working the property since that time, but it is not yet on a paying basis. This company (The Lightning Creek Co), holds at this time about 1,350,000 shares of the Consolidated stock. When the sale was made, it took a stock interest as the basis of the sale. Apparently they have not as yet struck the real bedrock channel, alhough they thought they had done so last February. When they do, I feel confident that the mine will pay well."

Lime and Stone Products Corporation. Value of Preferred and Common Stock. Incorporated in Delaware, May 28, 1917, and had an office at Hamburg, Jersey City. The secretary of the above company informed us that the company was so hopelessly insolvent that arrangements were finally made whereby it deeded over its property in exchange for preferred stock of a new company on May 28, 1927, known as "Jersey Limestone Quarries, Inc." The exchange was made on a basis of ten cents on the dollar. W. C. Driggs, Receiver of the successor company, informed us on July 22, 1931, that said company was placed in the hands of a receiver some months before the above date, and was sold at public auction about July, 1931. As far as we have been able to determine, nothing was realized by the stockholders. Therefore it is our opinion that the Preferred and Common Stock of the subject company had no value as of February 15, 1932.

Lincoln Mortgage Company. On August 27, 1935, it was reported that the above company had ceased operations in January, 1931, although the corporate name was still in existence and the corporation not dissolved. We understood that they owe quite a sum of money to one of the Los Angeles banks, which bank in turn, took over most of the assets of the corporation to be liquidated in order to pay off the loans made to the company. It was reported that the company was dorment but that there is some possibility that it may be reorganized some time in the future. There was no market at that time for the stock, either common or preferred. We understand that Mr. J. K. Baillie, financial editor of the Los Angeles Evening Herald & Express, was President of the company.

Lindsay Distilleries Limited. Mr. L. V. Wright, V. P. of Canadian Industrial Alcohol Company, Ltd., located at Montreal, Quebec, informed us that if you hold the common shares of Lindsay Distillery Company, it went into bankruptcy two or three years ago. The assets when sold were not sufficient to pay off ordinary trade liabilities, and therefore, there was no equity for either the preferred or common shares which are without value. If you hold shares of the Lindsay Distilleries, Limited, Mr. L. V. Wright, President of this company informed us that this company was formed by a group who purchased the whisky stocks of the old Lindsay Company. Since then the group purchasing the whiskies have distributed their stocks and are now in the course of voluntarily winding up the new company which was only formed for the purpose of dealing with the whisky. Therefore if you hold shares of the latter company, we suggest that you get in touch with Mr. Wright regarding the liquidating value, if any. If the shares are worth something we would be glad to hear of their value. (1933.)

Liquidometer Corporation. Value of 239 shares of "A" and 120 shares of "B" stock. The Liquidometer Corporation located at Skillman Avenue, at 37th Street, Long Island City, New York informed me that their company entered into a plan of reorganization which was adopted in June 1933, in which the entire capital structure was changed. The Class A stock was exchanged for the new stock on a share for share basis and the Class B stock was exchanged for the new on the basis of five of the B stock for one share of the new. According to the provisions of the above plan the 239 shares of A stock are exchangeable for 239 shares of new stock and the 120 shares of B stock are exchangeable for 24 shares of the new stock. The Statement of Income of the company for the year ended December 31, 1934, showed a net loss of $23,496.75. The company's balance sheet as of December 31, 1934, showed that there were 92,052 shares of stock outstanding that had a net book worth of $152,858.52 or about $1.66 per share. In view of the above it is my opinion that the 263 shares of new stock had a book value of $436.58 as of March 7 1935.

Livingston Petroleum Corp. Stockholders received 35c per share and one share of Class B stock of Interocean Oil Co. for each four shares held. A final liquidation dividend of 5c per share was declared in 1931 or 1932. The funds that were held for stockholders who did not present their certificates for cancellation were deposited with the Baltimore Trust Co. which was closed in Feb., 1933. In the meanwhile taxes and other expenses have accrued to an amount greater than the dividends received in the liquidation of the bank. The shares are therefore, worthless.

Livingston Press. Incorporated in New York in 1904 and was located at 38 East 21st St., N. Y. C. and Catskill, N. Y. in 1906. President, James N. Walter. In 1907 it was reported that the company moved to Albany, N. Y. The corporation apparently failed shortly afterwards as the corporation was subsequently dissolved by Proclamation. We found no value to the stock and therefore believe the shares are without value.

Livingston Refiners Corporation. Consolidated with the Livingston Oil Corporation to form the Livingston Petroleum Corporation in 1919. Mr. Harrison Brent, the liquidator of the Livingston Petroleum Company, located at East Brooklyn, Baltimore, Md., informed us that the subject corporation has been out of business for many years and as far as he knows the shares have no value. Mr. Gill an attorney in Baltimore informed us that they know of no arrangement whereby any exchange of stock at this time can be consummated. It would therefore appear that the shares were worthless.

Lloyds Insurance Co. of America. On August 4th, 1933, this company was taken over by the New York State Superintendent of Insurance for Rehabilitation. On August 8, 1933, the Court directed the Supt. of Insurance to cancel outstanding policy obligations of this company and of the Detroit Fidelity & Surety Co. In the order dated August 16, 1933, it was found that further efforts to rehabilitate the company would be futile. The policy holders were given until Feb. 16, 1934 to file their claims in order to become a preferred creditor. All claims filed subsequent to Feb. 16, 1934 were classed as General Creditors, and such claims would only be paid when the preferred creditors are paid in full. The Lloyds Insurance Co. of America informed us that according to their last balance sheet, the preferred creditors would not receive more than 15% on their claims.

Los Arcos Mines Company. Incorporated under the laws of the State of Maine on December 29, 1908. The company was excused from paying any franchise tax after March 20, 1913 as it had ceased to transact business. We found no record of this company in our mining records and therefore believe the shares are worthless.
Los Arcos Smelting & Refining Co. This company, according to the stock certificate, we are informed, was incorporated under the laws of the State of Maine. However, the Department of State of Maine informed us that they found no such corporation on file by this name. We therefore assume that the company failed to complete their incorporation and therefore never existed. We have consulted our mining records back to 1905 and found no record of the company. It is our opinion that the shares are without value.

Lower Merion Water Company. We received the following letter from Mr. Russell J. Brownbeck, Special Master, Peoples National Bk. Bldg., Norristown, Pa. dated Dec. 22, 1937. "This will acknowledge receipt of your letter of Dec. 21st, enclosing #228—$1,000 6% Gold Bond of the Lower Merion Water Company, due September 1, 1917, with coupons #4 to 60, inclusive attached, wherein you advise me that you have been requested to collect the amount due thereon by Mr. Nevin J. Loos, the original owner, whose address is 49 West Church St., Bethleham, Penna. I am referee in the Equity proceedings of Tradesmens' National Bank & Trust Co. successors, etc., Trustee, versus Lower Merion Water Company, et al, being No. 8 of April Term, 1927 and my duty is to determine upon the proper distribution of the balance shown by the Trustee in its account among the persons entitled thereto, who, in the main, are bondholders." "On June 15, 1937 the Court of Common Pleas of Montgomery County, sitting in Equity, entered a Decree from which I quote 'that August 6, 1937 is hereby fixed as a time for hearing claims against the fund for distribution, provided that if claims are not presented at that time they shall be forever barred from participating in the fund for distribution. On August 2, 1937, the Court entered a further decree fixing Sept. 10, 1937 as the date for proving claims and providing that those then not proved should be forever barred from participation in the fund for distribution.' "I feel that it is my duty to advise you that in my opinion Mr. Nevin J. Loos cannot participate in the fund for distribution under the decrees as they now extist. Of course, I cannot change a Decree of Court. I would therefore advise that if he seeks to participate in this fund, he should employ Counsel in Montgomery County and make proper application to the Court, with the thought in mind of having the Decree is some way so modified as to permit him to to participate. Of course, I have no knowledge as to what action the Court would take upon such application." "However, I shall consider this bond as deposited and retain the same for the present with the other bonds deposited by the bondholders." On April 27, 1938, Mr. Kirke Bryan, of Norristown, informed us that $156.27 was the net amount recovered on the $1000. bond.

Bldg., Los Angeles, Calif. informed us on May 28, 1937 as follows: "pleased be advised that, without reference to the record, it is our estimate that over four years ago the stockholders of the Luna Park Amusement Company, at an annual meeting, voted to dispose of the zoo and other personal property owned by the Corporation, as well as to deed to the Citizens National Trust and Savings Bank of this city all of the real estate on which the Bank has mortgage. The company therefore has no assets and its stock is apparently now worthless."

M. B. C. Operating Corp. Incorporated in New York in 1926 and was located at 342 Madison Ave., N. Y. C. in care of Harold Goldman. On January 21, 1930 the company changed its name to the Embassy Club Operating Corp. President, John W. Rumsey, 33 W. 42nd St., N. Y. C.; Secretary, J. Fred Zimmerman. Mr. John W. Rumsey informed us as follows as of February 6, 1937. "..regarding the stock of the Embassy Club Operating Corp. formerly known as the M. B. C. Operating Corp. I have to advise you that the corporation ceased to function actively in May 1932. The business conducted by the corporation was so affected by the depression that it was left in a bankrupt state. It was permitted by the owners of the property 149-151 E. 57th St to sublease that property to the Emas Corp. but without profit to the Embassy Club Operating Corp. The Emas Corp. fell into evil ways, and the business went from bad to worse until in 1934, our corporation was dispossessed from the premises. Our corporation has no assets of any kind. The landlords would not petiton us into bankruptcy because they know only too well we have no assets. The corporation itself has taken no action of this kind because it has no funds whatsoever."

Mr. Sauter who is located at 382 Eighth Street, Brooklyn, N. Y., informed us as follows on May 24, 1937. "I have not been associated with this company for several years, and can only advise what has been reported to me. I understand that, as a consequence of a default in the mortgage and subsequent foreclosure proceedings, the court, early this year, gave title of the property to a trustee representing the certificate holders of the mortgage, thus wiping out the only asset of the MacGregor Arms Corp. As a result, I understand the shares are without value."

MacNamara Crescent Mining Co. Incorporated in Nevada and was reorganized in 1921 as the MacNamara Crescent Development Co. of Nevada. The stock of both companies were exchanged share for share. Commencing January, 1923, 9 assessments have been levied on the stock of the MacNamara Crescent Development Co., of Nevada. As the old shares were never exchanged the new shares were sold for the amount of the unpaid assessments and have been forfeited. The charter of the MacNamara Crescent Mining Co., was forfeited on Feb. 28, 1924. The shares in our opinion are without value.

Madison-Michigan Building Corporation. (Tower Bldg., Chicago, Ill.) First Leasehold Sinking Fund Gold 6½% bonds due 1946. These bonds were secured by a first mortgage on leasehold estate and office building erected thereon, located at Northwest Corner of Michigan Avenue (85ft.) and Madison Street (162 ft.) Chicago, Illinois. The property was repossessed by the owner of the land on October 11, 1931. The quarterly ground rent due on September 1, 1931 was not paid, and upon expiration of the period of grace allowed by the lease on October 11, 1931, the fee owner served upon the Trustee and the Corporation notice of termination of the lease and repossession of the property. The fee owner thereby entered into possession of the property and is operating it and collecting rents. Moody's Manual of Investments dated 1933 states the following: "Although a bill has been filed to clear the title to the real estate, up to December 1, 1932, no hearings had been had in respect thereto." In addition, we received the following from the law offices of Chapman & Cutler, Chicago, Illinois who were attorneys for the bondholders protective committee as follows: "Replying to your letter re: Madison-Michigan Building Corporation bonds please be advised that they have become entirely worthless. We believe it is not proper to consider this worthless on the date of forfeiture of the ground lease in October, 1931 because the committee continued to negotiate wtih the owners for a reinstatement of such lease. The owners were entirely willing provided the accumulated back taxes were paid. The committee was unable to raise the necessary funds and it would be our opinion that the above bonds could be declared worthless sometime in 1932. In trying to fix the year for income tax purposes we believe it could be argued that the bond actually lost its value upon the date of forfeiture, and depending upon the taxpayer's income in the particular years would probably rest the decision of the treasury department." It is our opinion that the bonds lost their entire equity when the committee was unable to raise the necessary funds to pay the back taxes which was in the year 1932.

Magdalena Syndicate. Mr. W. S. Thomas, President of the company, located at 1136 Fifth Avenue, New York City, informed us that the only asset of this company is a controlling interest in the Nordol Company of Hanover, Germany. Mr. Thomas stated that they took this company over about five years ago and assumed certain indebtedness, which they had hoped to have Redman & Co., finance. Their negotiations were halted when the Curb Exchange suspended trading in the stock.
Magdalena Syndicate. The Norddeutsche Mineral ol Aktienges. (Nordol A. G.) Hanover, Germany, informed us on June 5, 1935, that bankruptcy proceedings were started against the Nordol A. G. on Nov. 17, 1932, and went out of business on Jan. 12, 1934. According to the company, however, there are some remaining assets that have not as yet been liquidated. It would appear that the shares of the Magdalena Syndicate were worthless in 1933 when the shares no longer had any value. The stock was quite active in early 1933 at a few cents per share. The company originally gave notes for the Nordol A. G. and any assets that may not have been liquidated belong to the noteholders. We cannot understand why the stock had a market on the curb in 1933 when bankruptcy proceedings were started against the company in 1932.

Magma Metal Corporation. Value of First Preferred Stock, Par Value $10. Incorporated in New Jersey on April 21, 1921 and went into receiver's hands in March 1923. many years. They were practically abandoned about 1914, but since said time work has been done on them intermittently by lessees, and an occasional dividend of one cent or two cents a share has been paid. The properties are not now being worked, and probably will not be unless the price of silver should recover. Dines, Dines & Holme of Denver, Colo., who are closely connected with the Co., reported that in the past year they have valued the stock at about 8 cents per share for tax purposes. They also stated that it is practically impossible, however, to fix the value as there is no sale for the stock and practically no sale for the property. We were informed that the Co. was offered $25,000. for the property, which would net the stockholders about 8 cents per share.

Maid of Erin Silver Mines Co. (Colorado.) Reorganized in 1912. $1. par stock was issued for old $5. par stock on basis of one new share for two old shares, and receive accumulated dividends from 1912.

Maine & Nebraska Mining Co. Organized in 1907 under laws of Arizona and was located at Broken Bow, Nebraska. The property consisted of 43 hectares, with a 4 hectaremi millsite and 9 hectares of miscellaneous lands at Rio Balsas, Mexico. In 1912 it was reported that the district was unsafe and operations were suspended on account of brigandage by Zapata's forces and general revolutionary disturbances. We found no record of operations since 1912 and believe that the property reverted to the Mexican Government by default. It is our opinion that the shares are without value.

Manhattan Transit Company. Incorporated in New York on May 14, 1902 as successor to the General Carriage Company. Company was organized to manufacture, operate and deal in vehicles. The last record we have of the stock was a sale at auction of 1,000 shares at $25. for the lot. It was hoped that the franchise the company held would be worth something, but apparently nothing materialized as the shares were reported worthless in 1921. The charter of the company has been forfeited and as far as we have been able to ascertain the shares are worthless.
Manhattan Treadwell Gold Mining Co. Incorporated in South Dakota and expired by Limitation of its charter in 1926. The County Treasurer at Goldfield, Nev., informed us on March 16, 1937, that there is no property standing in the above name on the Esmeralda County Assessment Roll. The company is therefore without assets and the shares in our opinion are worthless.

Marisal Mining Company. Our mining record for 1931 states that the company purchased the Ellis mine and 5 patented claims located at McKinney Springs, Texas in 1919 and erected a 50 ton furnace in 1922. The company was active in 1923-1924 and idle since then. On January 3, 1929, 3750 shares of the company's stock were sold at auction at $3. for the lot. The last address of the company was Mariscal via Marathon, Texas in care of Wm. D. Burcham, President. Letters addressed to Mr. Burcham have not been answered nor returned. (3/2/1936.) We found no market value to the stock and therefore believe the shares are without value.

Markham Motor Company. Incorporated in Oklahoma and filed its last report on March 22, 1922. The company was formerly located at Oklahoma City, Okla., and B. H. Markham of Oklahoma City was President. We have sent several letters to Mr. Markham and they have been returned marked "Unclaimed." The charter of the company was cancelled on Dec. 15, 1930 and said company is inoperative and dead. We searched our stock records back to 1922 and found no evidence that the shares have any value. Therefore, it is our opinion that the shares are worthless.
Markham Oil Syndicate, Osage Field, Wyo. We searched our "Petroleum Registers" back to 1919 and found no record of this Syndicate's operations nor any market for the units. A letter addressed to the company on January 21st, has not been answered. We do not believe the units had more than a nominal, if any, value as of April 14, 1936.

Marmon Motor Car Co. We received the following letter from Otto J. Feucht, Archie A. Anderson and Homer H. Davidson, As Trustees for Marmon Motor Car Company under indenture of Trust dated January 12, 1937, signed by H. E. Cook, located at 1236 Kentucky Avenue, Indianapolis, Ind., and dated March 4th, 1938. "Your letter of March 1st

Name State Date Charter Forfeited

addressed to Mr. Fred Barnickol has been referred to us for reply. No action of any kind has been taken in connection with the common stock of the former Marmon Motor Car Company. The Special Master in his findings concluded that the Marmon Motor Car Company, was insolvent and that the votes of stockholders need not be considered in the voting on the plan of reorganization." "Certificates of Beneficial Interest were not issued by the undersigned to holders of common stock since such stock is generally believed to be entirely worthless. It is almost inconceivable that sufficient funds will be realized from the liquidation to pay general claims in full with interest."

Marquette Manor Apartments. Mr. Edward G. Berglund, of 1 North La Salle St., Chicago, Illinois, informed us as follows on March 10, 1937. "In answer to your letter of March 2, 1937, advising me that you represent a client who holds $200 in principal amount of first mortgage bonds of the above company and in which you inquire as to the present status of these bonds. I inform you that the foreclosure suit commenced by the Chicago Title & Trust Co. as trustee under the first mortgage trust deed is still pending in the Circuit Court of Cook Co., Ill., however, further proceedings in this cause have been enjoined pending proceedings now pending in the U. S. District Court for the Northern District of Ill., Eastern Division, in the matter of the Marquette Manor Bldg., Corp., a corporation, debtor, case General No. 61840. A plan of reorganization has been filed in this matter, providing for the reorganization of the corporation but the plan has not as yet been confirmed." "A controversy is pending in the U. S. District Court concerning an issue raised with regard to objections against bonds in the principal sum of $61,600 held by the National Builders Bank of Chicago, sharing on a parity with other first mortgage bonds. When this issue is disposed of. I believe a decree will be entered by the U. S. District Court confirming the plan of reorganization."

Mary Fellows Hoyt. Value of $6200 Guaranteed 5½% first mortgage certificate #J301965 Guarantee #181701, covering 23.000 acres and building on the S/S South County Road, Bellport, New York. The Mortgage Commission Servicing Corporation informed me that the above mortgage in the amount of $17,000 is under foreclosure. There are interest arrears of $510. and tax arrears of $1,204. Defaulted certificates were quoted by brokers about the date of death at 20 flat. However, in view of the fact that the arrears only amount to $1,714. it is my opinion that the certificates have a fair market value of about 30 flat as of the date of death. Therefore, I submit 30 flat, or $1,860. as a fair value for the $6200 certificate as of December 27, 1936.

"The meeting of the shareholders held July 14, 1930 was adjourned until August 15, 1930. At the meeting held on August 15, 1930 there were present, either in person or by proxy 7,878 shares of the 10,000 shares of the capital stock of the corporation. At this meeting the offer of The Wheeling & Lake Erie Coal Mining Co. to purchase the real and tangible personal property and certain of the leases of the company on small parcels in the old Massillon district for $96,000. was accepted and the officers were authorized to convey such property to The Wheeling & Lake Erie Coal Mining Co. and the officers were further authorized and directed to liquidate all of the company's assets and to apply them so far as they will go toward the payment of its debts and liabilities and to wind up and dissolve the corporation. The liabilities of the company were approximately $443,000. while its assets, in addition to the property sold to The Wheeling & Lake Erie Coal Mining Co. for $96,000. were less than $20,000. so that in the liquidation there were not sufficient funds to pay the company's obligations. Your officers are proceeding to apply the proceeds from the sale of the property and from the disposition of the other assets to the payment of the debts of the company so far as they will go and to dissolve the corporation. We are advised that the shareholders are entitled to charge off during the year 1930 their entire investment in the stock of The Massillon Coal Mining Co. for Federal Income tax purposes."

was incorporated under the laws of Delaware, and was reported to have lost its corporate existence in 1925. We have searched the records of gas companies back to 1919 and fail to find any record of the company's operations. The Trust Company of Cuba, Havana, Cuba, informed us that the bond issue of the Matanzas Blaugas Company has been in default for a number of years, and will become due January 1, 1932. They also reported that the company will be unable to meet their obligations at maturity. Evidently the bondholders have not started foreclosure proceedings. Brokers informed us they never heard of the company nor of its operations. We have never been able to find that the bonds had any value, and in view of the above we do not believe the bonds have more than a nominal value, and submit the stock as worthless.

There were two assessments on the new stock, the last being 1 cent per share in Sept., 1927. If your shares were not exchanged the new shares held for exchange were apparently sold for assessments and the shares you hold of the subject company are therefore worthless. (1934.)

Mayhew Steel Products, Inc. We received the following letter from the Mayhew Steel Products, Inc. located at Shelburne Falls, Mass. signed by Mr. E. G. Sammann, Asst. to President and dated April 23, 1938. "Replying to your letter of April 22nd. our company is a Massachusetts corporation, suceeding H. H. Mayhew Company, also a Massachusetts corporation." "In 1933 we bought certain assets of the Mayhew Steel Products, Inc. of Delaware at receiver's sale." "Mayhew Steel Products, Inc. to which you refer went into receivership prior to 1933 although we do not know the exact date. It was a Delaware corporation. I presume it did lose its Delaware charter and I very much doubt it was ever reinstated but I cannot be positive on that score."

On October 5th, we sent letters to both of the above officers and they were not answered nor returned. McCabe Extension Mining & Milling Co. Organized in Arizona on July 14, 1900 and was located at Prescott, Arizona. The property consisted of sundry claims, adjoining the McCabe mine. On Dec. 27, 1902 it was reported by the U. S. Investor that the property was not being operated on account of some friction and misunderstanding among the stockholders, which caused the shutdown of the property and some change in the officers. The indebtedness at that time was about $10,000. In 1904 it was reported by the Mines Information Bureau, that the company had suffered internal dissensions, during which the original promoters stepped from under and left the property moribound. The property has never been operated since, and it is believed that the claims were lost by default. We found no value to the stock and therefore believe the shares are without value.

McCarthy Inserting and Sealing Machine Co., Inc. Value of capital stock. Incorporated in New York and was engaged in the machinery business with an office at 145 Lafayette St., New York City, in 1929. The last known directors are as follows: Lewis A. Olsen, 61 W. 106th St., New York City; Florence McCarthy, 210 W. 84th St., New York City; Albert W. Gould, c/o Hallgarten & Co., 44 Pine St., N. Y. In 1930 no further trace of the company could be found. Mr. Gould informed me that the company has been unable to market its machine and is in a dormant condition. (1935.) There was absolutely no market for the capital stock at any time near the date of death. Therefore I believe the shares had only a nominal value as of April 24, 1934.

McCarthy's Third Holding Co. Incorporated in 1906 and has filed no reports since incorporation. The charter of the company was forfeited by limitation on July 12, 1927. The company apparently went out of business soon after incorporation. We found no value to the stock and therefore believe the shares are valueless.

McClinton Mining Company. Incorporated in Mono County, Calif. on Nov. 3, 1877. Our mining record for 1878 shows that the company did some development work that year. Poole's Mining Directory for 1898 does not list this company, and therefore believe the company went out of existence sometime before that year. According to our records, very little mining was done in Mono County. In view of the above, we believe the shares are without value.

McDonald, R. L., Manufacturing Company. We received the following letter from the Sun Manufacturing Company, 12th and Penn Sts., St. Louis, Mo., dated March 9, 1938 and signed by James E. Cox, President. "I have your letter of the 7th inst. advising me that you have a client who holds stock in the R. L. McDonald Manufacturing Company of which I was President." "In regard to this stock, will say that this company went through Federal Receivership back in June 1933 and was administered on by Mr. Albert Newman, Executive Vice President of the Commerce Trust Company of Kansas City." "The Assets were all put up and sold at public auction and the only creditors were three banks and they barely realized enough out of the assets to take care of the bank indebtedness. I personally was a stockholder to the extent of $150,000. and did not realize a cent on my investment. The matter was closed in September 1933, due notice being given to all stockholders at that time of the proposed sale so as far as the stock is concerned, it is not worth the paper it is written on. I am very sorry that same occurred and the reason for the liquidation was that more than two-thirds of the stock was held by the McDonald heirs and I was president of the company during the last two years of its existence and the only indebtedness, I knew of at the time was the bank indebtedness and they brought the suit on some notes they held and the matter was finally closed out as stated above."

Crocker, 133 Circular St., Saratoga Springs, N. Y.; Arthur J. Pierce, 230 Church St., Saratoga Springs, N. Y.; Spencer D. Eddy, 23 Madison Ave., Saratoga Springs, N. Y.
McGregor Realty Corporation. This company operates the McGregor Links on the outskirts of the city of Saratoga Springs, New York. It is a property with an investment in excess of one half million dollars but, like the average golf course has lost heavily in memberships during the depression and is now (1935) struggling along with income not sufficient to meet its annual charges and operating expenses. A forced sale of the property would probably not bring enough money to retire its $63,000. of bond indebtedness. You will appreciate, therefore, that its shares of stock are absolutely without value at this time.

Incorporated under the laws of the State of Delaware on April 7, 1925, and is no longer in existence, having become inoperative and void April 1, 1932 and proclaimed by the Governor, January 1933 for non-payment of taxes. Certificate of Incorporation was filed by The Corporation Trust Company, 100 W. 10th St., Wilmington, Del. The last annual report filed for the year 1929 shows the following: President, F. E. McGuffin, 114 21st St., Jackson Heights, Long Island; Vice Pres., Joseph M. Watte, 212 William St., East Orange, N. J.; Secretary, P. D. Loundsbery, 31 N. Arlington Ave., E. Orange, N. The corporation had offices at 1265 Broadway, New York City. Company was authorized to do business in Virginia, but allowed its Certificate of Authority to be revoked and annulled on the last day of May, 1933, because of its failure to pay the annual registration fee assessed against it for the two preceeding years. Mr. W. F. Melhuish of 29 E. 59th Street, N. Y. C., Mr. R. A. Speyer of 585 West End Avenue, N. Y. C., and Mr. T. K. Johnston, 11 West 42nd St., N. Y. C., were all connected with this company. Mckinley Gold Mining Company. Colo. 1916.

McKinley Gold Placers, Inc. Incorporated in Delaware in 1920 and its last known address was P. O. Box 72, Trinity Station, New York City. The "Mines Handbook" reported that some work had been done in 1923, and was idle thereafter because the gravel available was not adaptable to hydraulic methods and that drift mining must thereafter be adopted. The "Mines Handbook" also reported that a change in officers took place in late 1924, followed by rumors that a reorganization was contemplated. These plans were still in abeyance until April 1926, when the property was sold by the United States Marshal to satisfy labor claims of $10,600. The ground was purchased by the holders of the labor liens and was actively operated by them during 1926, 1927 and 1928. It is almost impossible to state that a mining stock is worthless until it has lost all its equity. Rich strikes are made over night, and any such discovery would have easily taken care of the labor liens of $10,600. In view of the fact that attempts were made to reorganize up until April 1926, I believe that the shares definitely first became worthless in April 1926 when the property was sold by the United States Marshal, at which time the stockholders lost all their equity.

McTon Oil Company. Organized in Arizona in 1916 and was located at Dan Daggoner Bldg., Fort Worth, Texas. The company held leases on 10,000 acres of land in Kansas, Okla., and Texas, and a gasoline plant. In 1922 the company had lost its leases, but maintained its gasoline plant on leased land. In 1925 the company was untraceable. It is our opinion that the company lost its gasoline plant by default and went out of business. We found no value to the stock and therefore believe the shares are without value.

Memphis & Charleston R. R. Reorganized as Southern Ry. Co. We believe the Guaranty Trust Company of New York City, handled the exchange of securities. Certificates of Deposit for Gen. Mtge. bonds received $650. per $1000. certificate at the Central Hanover Bank & Trust Company, New York City.

Memphis Consolidated Gas & Electric Company. Consolidated and Ref. 5% bonds due 1943 received $863.16 per $1000. bond, with Jan. 1, 1920 and subsequent coupons attached, by order of the United States District Court, Memphis, Tenn. The Central Union now Central Hanover Bank & Trust Co., of New York City, was Trustee. The Memphis Power & Light Company, located at Memphis, Tenn., informed us that the properties of this company were sold under decree of foreclosure brought in the District Court of the United States for the Western Division of the Western District of Tennessee by the Central Union Trust Company of New York, Trustee. The amount available for holders of bonds was $863.16 per $1000. bond, leaving a balance due of $317.46, for which a deficiency judgment was entered against Memphis Gas & Electric Company, successor by consolidation to Memphis Consolidated Gas & Electric Company. However, since the latter and the Memphis Gas & Electric Company have no assets the defficency judgment is uncollectible and, therefore, the holder of the Refunding bonds due 1943 may expect no further payments.

Memphis Gas & Electric Co. Cons. & Ref. Mtge. bonds have a decree value of $868.16 per $1000. bond.

Memphis Gas & Electric Company. Consolidated and Ref. Mortgage bonds received $863,16 per $1000. bond. The First Mortgage bonds of the Merchants Power Company dated July 1, 1907, received $1,174.35 per $1000. bond. Payments were made at the Union & Planters Bank & Trust Company, or the Bank of Commerce, Memphis, Tenn. See Memphis Cons. Gas & Electric Co.

Memphis & Gulf Railway Co. The Government of Mississippi authorized the granting of a charter in 1903 to this company for the purpose of building a railroad from Memphis, Tenn. through Mississippi to Pensacola, Fla. The incorporators were: A. S. Lyman, New York City; Oliver H. P. Cornell, New York City; Chas. H. Blair, 43 Broad St., N. Y. C.; L. W. Moen, Newark, N. J.; Chester H. Pond, Morehead, Miss. The Cornell Construction Company was incorporated under the laws of New Jersey the same year to build the Memphis & Gulf Railway. The officers of this company were the same as listed above. This company went out of business in 1905 and lost its charter in 1907. Chas. H. Blair, formerly one of the directors, was an attorney, located at 80 Broadway, N. Y. C. He died in 1910.

Memphis & Gulf Railway Co. We addressed a letter to Chester H. Pond, formerly President of the company, located at Morehead, Miss. and received the following communication from Louise Pond Jewell (Mrs. Ogden Jewell) on May 12, 1935 as follows: "I am sorry about this. My father, Chester H. Pond died in 1913, 23 years ago, really of a broken heart because his business associates in whom he trusted manipulated matters so that they got him out of the company while he was temporarily ill, and then wrecked the whole undertaking. It was the knowledge that many had trusted him and might lose through this criminal action on the part of others, that broke his heart and cost his life. He had no part in the company at all, after Dec, 1911, and the road was abandoned during the next year." It would appear that the bonds of this company are entirely worthless.

Memphis, Kansas & Colorado Ry. Absorbed by Kansas City, Fort Scott & Gulf RR.

Memphis & Little Rock RR. Chartered in 1853. There were several foreclosures and as many reorganiza-

tions, before the property came into the possession of the Choctau, Oklahoma & Gulf RR. in 1898. Due to the above, the records are incomplete and do not indicate whether any equity remains to any bonds that may be outstanding. We would be interested in tracing any particular issue in order to determine its value.

Memphis Telephone Co. (Tenn.) The Southern Bell Telephone & Telegraph Co. of Atlanta, Ga. informed us on Sept. 18, 1934 that the Cumberland Telephone Co. acquired the properties of this company and the Memphis Long Distance Co., but it did not acquire the companies. It assumed fifty per cent of the bonds, the other part being cancelled. Presumably the stock of both companies are worthless otherwise the bondholders would not have relinquished part of their lien.

Mergenthaler-Horton Basket Machine Co. Company was organized under the laws of Maine in 1901 to engage in the business of making grape and other fruit baskets with an authorized capital stock of $10,000,000. par $1. with the following officers. S. B. Parkhurst, president; Sidney B. Whitlock, secretary; Charles B. Barlow, treasurer and an office at 253 Broadway, New York City. Company built a factory at Paducah, Ky. reported to have cost $750,000. and it was also stated that $200,000. was spent in advertising by which the company was able to sell large quantities of this capital stock. In 1907 they were doing a good business, took too many orders and could not fulfill them. In 1907 an action started by stockholders put the company into the hands of receivers. The assets were sold and an attempt to reorganize was made by the incorporation of the Federal Crate & Basket Co. which organized under the laws of W. Virginia in Sept. 1908.
Mergenthaler Horton Basket Machine Co. The stockholders of this company received the right to purchase stock of the Federal Crate & Basket Co. We have a notice from the receiver of the latter company dated Sept. 15, 1935 stating that creditors would only receive about 30% of their claims leaving no equity for the stockholders. The shares of both companies are entirely worthless.

We searched the records of the County Treasurer of Cassia County, Burley, Idaho and found that this company owned no property in that county in 1893. In 1893 part of the records were kept at the Auditor's Office at Twin Falls, Idaho. We found no record of this company at Twin Falls. Meteor Crater Exploration & Mining Company. Incorporated in Delaware and became inoperative on April 1, 1934. The last report filed in 1933 showed offices at Provident Trust Bldg., Phila., Pa. President, Leyard Heckscher, 1518 Walnut St., Phila., Pa. Secretary, D. Moreau Barringer, Fidelity Phila. Trust Bldg., Phila., Pa. Treasurer, Brandon Barringer, Phila., Pa. Mr. D. Moreau Barringer, Jr., an officer of the company, now located at 225 So. 15th St., Phila., Pa., informed us as follows on January 8, 1937. "I am sorry to tell you that the Meteor Crater Exploration & Mining Co. defaulted on the terms of its lease on the Meteor Crater property during 1936. Since it was unable through lack of funds to remedy the default the contract was cancelled and the Meteor Crater Co. was left without assets." "The Treasury Department, reversing a previous ruling, held that the stock became worthless during 1936 and is therefore deductible from taxable income during that year." "The entire enterprise has always been a highly personal situation in that the great majority of the stockholders put money in the Meteor Crater Exploration & Mining Co., on the personal recommendation of my late father and other friends. The Standard Iron Company, which remains the owner of the property, has felt therefore that if the enterprise should in the future be productive of profits some recognition should be shown the former stockholders of the Meteor Crater Exploration & Mining Company. There is of course no immediate prospect of this coming true but there is a chance that it may occur in the future. I would appreciate therefore if you let me know the name of your client so that we may keep in touch with him."

Metropolitan Bankshares Corp. Incorporated in Maryland February 14, 1929, to engage in buying, holding, selling and dealing in the shares of banks and trust companies, and the shares of companies which confirmed their purchases or holdings to this character and type of investment; and maintained an office at 43 Exchange Place, N. Y. C. The company's holdings consisted mainly of Class A stock of Continental Metropolitan Corporation which was issued in exchange for the company's portfolio. Control of the Continental Metropolitan Corporation we understand passed to a client of S. P. Woodard & Co. The Continental Metropolitan Corp. was located at 43 Exchange Place, N. Y. C. in 1931. In 1932 no further trace of the company could be found. In April, 1932, Keane's Manual of Investment Trusts reported that the Continental Metropolitan Corp. and its subsidiaries, were inactive and in process of liquidation. There was absolutely no market for the shares of the Continental Metropolitan Corp. in 1932, and therefore believe said shares became worthless that year. This is confirmed by the Secretary of State of Maryland in his report dated February 1934 in which it states that the Metropolitan Bankshares Corp. lost its charter having failed to file reports for two years. Therefore it is reasonable to assume that the shares of the Continental Metropolitan Corp. held by the Metropolitan Bankshares Corp. became worthless when the Continental liquidated in 1932.

Metropolitan Chain Stores, Inc. (Del.) Following a voluntary petition in bankruptcy filed Dec. 12, 1931, Federal Judge Francis G. Caffey appointed the Irving Trust Co. as receiver. The petitions were filed by Loew & Dougherty, attorneys, of 111 Broadway, N. Y. C. Liabilities were listed at $1,590,602 and assets at $2,431,314. The petition stated that the company was unable to raise sufficient liquid funds to continue business or to pay their debts. The Irving Trust Co. informed us that the sale of the assets in this bankruptcy was consummated on January 16, 1933, and the cash realized through this sale was only sufficient to pay two dividends aggregating 29.95% to general creditors. The final distribution was made on Dec. 11, 1933. However, the Irving Trust Co., informed us that Mr. H. L. Green made his offer for the assets in 1932 and it was known at that time that if the offer were accepted the creditors would not have been paid in full. The offer was not accepted and approved by the court until January 16, 1933.

In February, 1923 it was reported that Harvey Fiske and Sons, New York, acquired control of the Metropolitan Finance Corp., through ownership of more than half of its common stock. Frank A. Lord and Samuel Flak were appointed equity receivers by Judge Goddard of the U. S. District Court of New York, July 27, 1923, under $50,000 bond. Corporation reported bankrupt in 1924. Properties of the constituent companies are located in Hamburg, N. J., and other cities in New Jersey. Mr. Raymond H. Berry of 60 Park Place, Newark, N. J., informed us that Israel B. Greene, Lefcourt Bldg., Newark, N. J., who is receiver for the company brought suit against the former directors to recover certain assets that have disappeared. This case is still pending. It is believed that these assets amount to several hundred thousand dollars. Mr. Berry represents the stockholders in a suit to recover the original purchase price of the stock. In view of the above the present value of the stock is problematical.

Mexican Crude Rubber Company. (Mich.) The capital stock of this company was reduced from $600,000 to $6,000. the reduction being effected by distribution to stockholders of shares of Floridagold Citrus Corp. on a pro rata basis. Mr. H. C. Harrington, Treasurer of the Floridagold Citrus Corp., (Fla.) located at Ford Bldg., Detroit, Mich., informed us on September 29, 1937, that the shares of the Mexican Crude Rubber Co. are worthless, as the company surrendered its charter and went out of business several years ago. Mr. Harrington also stated that the book value of Floridagold Citrus Corp. stock is approximately $1.50 per share, although they know of no sales for a number of years. The company has earned nominal profits during the past two or three years and prospects for the future appear favorable. (1937).

Morgan & Company further stated that in the event that any future plan is contemplated some provision will be made for the undeposited or non-assenting bonds.

Mexican Mining Co. Del. 1937.

Mexican Mining & Smelting Co. Incorporated in New York on Oct. 11, 1901 and was located at New York City. The corporation was dissolved by Proclamation on March 13, 1926. The company was formerly located at 17 Battery Place, New York City and the following were the last known officers. President, Thomas H. Watkins; Secretary, A. E. Hunt, Jr. In 1910 letters were returned from former office at Williamsport, Pa. The Mines Bureau report the company idle in 1911. The New York office was abandoned in 1910. It is our opinion the shares are worthless.

Mexican Mining & Smelting Company. Incorporated in Maine and filed its last return in 1913. The company lost its charter the same year. Our mining records dated 1908 state that the company's property was idle and that the first mortgage bonds were in default. The property was apparently foreclosed. We do not attach any value to the stock.

Mexican National Gas Co. Del. 1936.

Mexican National Packing Company. Incorporated in New Jersey in 1906 and was located at Mexico City, Mexico. The 6% bonds due 1928 were secured by a first mortgage on lands, concessions, franchises, water rights, etc. in Mexico. There also was an issue of £500,000 of First Mortgage Rastro Debenture bonds. On Feb. 2, 1910, the U. S. Circuit Court of New Jersey appointed Henry DeKay, as receiver. The company was reorganized in Maine in 1911 under the same name. The 6% bonds due 1928 received an equal amount of preferred stock of the new corporation and interest up to June 30, 1911, payable one quarter in cash and three-quarters in Part. Preferred stock at par.In 1914, the Mexican Government acquired 51% of the stock of the Maine company and guaranteed the principal and interest of the Maine company's two classes of bonds that were issued in 1911 by endorsement. In 1921 the guarantee had not been met by the Mexican Government after default was made. In 1922 the Debt. of Mexico was adjusted, but the bonds of the Maine company were not included in the settlement. It would appear that the bonds of the Maine company have very little, if any value, and therefore do not believe the stock could have any value that was issued to the bondholders of the New Jersey Company. We will attempt to locate the funds that are due for interest and will also inquire if the old bonds may still be exchanged for the stock of the Maine company, and if so whether it would be worth while. For estate tax purposes, we do not believe the stock of the Maine company has any present value, and will never have any value unless a property settlement is made by Mexico, which is almost uncertain. This information may be confirmed by consulting the Official Intelligence, from 1911-1922, published in England.

Mexican National Packing Company. (N. J.) We understand the Empire Trust Company of New York City, holds a limited fund for the benefit of certain of the bonds of this company that were guaranteed by the United States Packing Company.

Mexican Pacific Company. Moritz Thomsen Investment Company, Second Avenue Building, Seattle, Wash., informed us on April 17, 1935, that the bonds of this company are still in escrow with the National Bank of Commerce, Seattle, Washington, and all indications point to their being worthless. Attempts to liquidate some of the assets have proved fruitless and the company is faced with losing nearly all of its property to the Mexican Government by expropriation.

The company gave up its foreign concessions in 1934 at which time there were not sufficient funds left to pay the franchise tax. Mr. Pratt further informed us that the stock became worthless in 1934. On February 20, 1934, Seldon, Morfit & Harney, Inc., of St. Louis, bid 1.16 per share for 1100 shares. On March 27, 1934 Gonder Kelley & Co., of N. Y. C. bid 1/16 per share for 500 shares. (1/1937).

Mexico Northwestern Railway Co. Mr. A. H. Lang, Secretary of the Mexico Northwestern Railway Company, located at 360 St. James Street, Montreal, Quebec, informed us as follows on August 16, 1937: "Under a plan of reorganization dated September 10, 1929, in order to take this Company out of receivership the Mexnorwest Holding Company Limited was formed after an agreement was entered into by bondholders of this Company. On surrender of the Income Bonds each £20 par value surrendered will be exchanged for 30 common shares of $1.00 each in the Holding Company, and nothing will be paid in respect of unpaid Coupons, which must be surrendered without payment. The common shares of the Holding Company have little if any value. There is no market and the Holding Company can only make money when and if the Railway Company can pay a dividend, which is entirely improbable, as this Company is continuing year after year to run at considerable operating loss. We think therefore that you can definitely take it that the bonds you speak of have no value as of January 8th, 1937.

Mexico Oil Corporation. Incorporated in Maine. The above corporation was suspended in 1930 for nonpayment of their francise tax. The corporation, however, filed a return in 1934 although on the inactive list. In the 1934 the officers were as follows: President, Albert H. Pike, 270 Broadway, N. Y. C. Treasurer, Chas. W. Eckhardt, 3212 Decatur Ave., N. Y. C. Clerk, Charles D. Booth, 57 Exchange St., Portland, Me. We received the following letter from Albert H. Pike, 270 Broadway, New York City, dated January 21, 1938. "With reference to your letter of January 6, 1938, addressed to Mr. Eckhardt, you are advised that the Mexico Oil Corporation has been inactive for several years. This was a development proposition and we could not go ahead with the work when business conditions got bad. The stock has no value at the present time and its future value depends on whether or not we are ever able to resume operations."

Michigan Electric Railway Company. (Mich.) Value of preference shares & 5% 1st & Ref. Series A bonds. Acting on instructions of the Bondholders Protective Committee, Bankers Trust Company as Trustee declared due the principal of these bonds and instituted proceedings to foreclose the mortgage. A decree of foreclosure was entered in 1929 and the mortgaged property sold pursuant thereto. Under the decree, holders of the bonds, both "deposited" and "undeposited" were entitled to receive one share of stock of Michigan Electric Shares Corporation for each $100. principal amount of bonds. We are advised that on June 19, 1933 on petition of directors of the company, the Circuit Court for Jackson County, Michigan, decreed the Company dissolved and appointed a Receiver. Subsequently on November 18, 1933 the Court entered an order closing the Receiver's Estate and discharging the Receiver. We are advised that at the time of the dissolution of the Corporation, nothing was available for distribution to the stockholders. Therefore it is our opinion that the preference shares and the 5% 1st & Ref. Series "A" bonds of the company are without value.
Michigan Electric Shares Corp. In June, 1933 a receiver was appointed by the Circuit Court in the County of Jackson, Michigan, in Chancery for the corporation and its assets were to be liquidated. The Financial & Commercial Chronical published by Chas. B. Dana & Co. of New York City reported on September 30, 1933 that they were officially informed that it was not expected that sufficient will be realized to pay anything to the stockholders. On July 21, 1934, the Chronical reported that the corporation was dissolved in June, 1933 and the receiver was discharged by the Court in September, 1933, at which time sufficient was not realized to pay anything to the stockholders.

Michigan, Lake Superior Power Company. Value of 5% bonds due 1949 as of March 1, 1913. The property of this company was foreclosed in August 1913, and the company was reorganized as the Michigan Northern Power Co. In the reorganization each $1000 bond of Michigan, Lake Superior was exchanged for a $500 bond of the new company. We found no quotations on the Michigan, Lake Superior bonds in 1913, but did find a quotation of 80 low and 95 high for the Michigan Northern Power Co. in 1913. That is the nearest we can get. On this basis the Michigan, Lake Superior $1000 bond which was exchangeable for a $500 bond of the Michigan Northern Power Co. had a fair value of $437.50 as of the period August to Dec. 31, 1913. Value January 1, 1919, $400 per $1000 bond.

Middle West Utilities Company. Originally incorporated under Delaware laws, May, 1912, as a holding company to acquire and develop public utility properties, particularly in the smaller cities and towns. The charter of the company expired on April 1, 1934, due to non-payment of 1931 franchise tax. On April 15, 1932, the United States District Court for the Northern District of Illinois, Eastern Division, appointed receivers in equity of Middle West, pursuant to the prayer of a bill of complaint filed by Lincoln Printing Co., an alleged inability of the company to meet $10,000,000 of notes maturing on June 1, 1932 and about $27,000,000 of bank loans. On April 15, 1932, an involuntary bankruptcy petition was filed against the Middle West Utilities Company Co. An amended petition was filed on July 13, 1932. The secured and unsecured indebtedness of the company as of December 31, 1933, as shown by the equity Receiver's Report was as follows:

Serial Conv. Gold Notes	$40,000,000
Accrued interest to April 4, 1932 on Gold Notes	744,4444
Bank and other secured indebtedness	23,039,751
	$63,784,195

Middle West originally sold to the public $50,000,000 of Convertible Gold Notes, as well as a large amount of preferred and common stock. In addition Middle West borrowed large sums from banks and others and secured such loans by collateral. The proceeds of these borrowings and note and stock sales were used partly to reimburse the company for or to finance additional acquisitions and construction of additional facilities and partly for other purposes. Large inter-company loans were also made. As a result of the above mentioned procedure, the corporate and financial structure became greatly involved and financial difficulties in one group of companies were quickly reflected in other groups of the system. The United Public Service Co. (in which Middle West had an investment carried on its books at about $13,000,000) defaulted its interest on April 1, 1932. This company is now subject of proceedings under said Section 77B of the Bankruptcy Act. The company's entire investment of $40,000,000 in the National Electric Power Co., was wiped out except for a few debentures having a market value of less than $25,000. Up to December 31, 1933, companies in which Middle West had investments, carried on its books at about $146,000,000 were placed in receivership or bankruptcy, and the recovery of more than a small part of these investments were doubtful. Large writeoffs in the accounts of many of the subsidiary companies were found necessary to cover abandoned property, losses on investment, bond discount, et cetera. These losses, together with the decline in earnings, necessitated in many instances a discontinuance of preferred dividends by subsidieries, and in some instances a reduction in their capital. None of the sub-holding companies were paying dividends in the year 1933. The above writeoffs were reflected on the books of the subsidiary or sub-holding companies, and in turn, in the receiver's balance sheet of Middle West as of December 31, 1933. The writeoffs or reserves for losses in the receiver's balance sheet aggregated as of Decmber 31, 1933, over $205,000,000. The receiver also reported that the writeoffs and reserves so reflected as of December 31, 1933, were inadequate and further writeoffs or reserves on the books of Middle West and of some of the subsidiary companies would have to be made and will necessarily be reflected on the books of Middle West. The report of Arthur An-

Name State Date Charter Forfeited

derson & Company, accountants and auditors as of December 31, 1933, as rendered to the receiver of Middle West Utilities Company, disclosed that liabilities of Middle West to its creditors, were in excess of $65,000,000 while the value of its assets was substantially less than the amount of such indebtedness. Middle West Utilities Co. was accordingly insolvent as of December 31, 1933. Holders of the $40,000,000 of Gold Notes were allowed to participate in the plan of reorganization as unsecured creditors at the face principal amount of the respective notes. It was foreseen as of December 31, 1933, that a reorganization plan would provide for the issuance of stock of a new corporation, the value of which would not exceed more than 25% of the face value of the Gold Notes. The quotation of 13⅜ flat or $133.75 for each $1,000 5% gold note as of December 31, 1933, coincided with the above estimate after considering the receiver's statement, that he intended to further write down the company's assets. In view of the above, I am convinced that as of December 31, 1933, the 5% Gold Notes would be collectible only to the extent of 25% of their face value. I believe that I have demonstrated with a reasonable degree of certainty, the least amount which is uncollectible as of December 31, 1933, and submit it as fair as of that date.

Bond, 26 Mulberry Street, Springfield, Mass. "Replying to your letters of Sept. 10th and 29th, would say that absence from town has caused this delay, and the fact that I had to write the Middletown Trust Co. Trustee, for information regarding Middlesex Banking Co. Special Debenture Bond No. 160 A. Their reply is: We would state that it is not listed in our schedule of bonds in the Middlesex Banking Co. Trust. We understand that these bonds were written in connection with an issue of instalment bonds of that company. The bond was issued where a bondholder elected to discontinue payments on the original bond and receive from the banking company its direct obligation covering the paid up value of said bond at that time. This bond to mature on the same date of the original bond issued. These bonds we understand were not secured by a deposit of collateral." We assume therefore that these bonds are worthless.

Wagner, of the company, informed us as follows on July 22, 1937: "The company owns real estate and water power in Lowell. The property is pretty well rented and we have a market for all the power we can produce. We have made a small profit each year for several years although the year 1936 found us in the midst of flood conditions, with the resultant damage. There is very limited market for the stock, it being very largely held by a family group. The last sales to come to our attention were at about $25. per share. If your client is in the market to dispose of his shares I presume we can offer as much as an outsider." (7/1937).

Miller Mining & Smelting Co. Incorporated in New York and according to W. A. Wilson, Trustee, located at 319 Dooly Block, Salt Lake City, Utah, the company has forfeited its charter. According to our mining records the company at last accounts in 1931, still held its property on Miller Hill, American Fork district, Utah County, Utah. Mr. F. DeP. Foster, now deceased was president, and also a director and trustee of the Central Hanover Bank & Trust Co. We wrote to Mr. Wilson regarding the stock and all we could get out of him was that the shares are worthless. The property of this company was leased over a period of years for substantial amounts but do not know what happened to all that money. We have not been able up to the present time to get a satisfactory statement. The Central Hanover Bank knows nothing of the affairs of the company. (1/15/35.) We suggest that you send a letter to Mr. Wilson to ascertain the present value of your stock.
Miller Mining & Smelting Co. (N. Y.) Charter forfeited 1931, at which time the company's property was sold. We do not believe the shares have any value today.

Minneapolis & St. Louis R. R. On Dec. 4, 1930, a final decree of foreclosure was entered and filed, and ordered a sale to be held to satisfy the judgments. The road was offered for sale 13 times, but there were no bidders. It was reported on Oct. 24, 1936, that if a sale is eventually consummated, there would be nothing left for the stockholders. It was also reported that if the properties are reorganized, it is possible that holders of common stock may be given the right to subscribe for new securities; but said right, if given, will be of exceedingly small value.

According to reports of July 9, 1935, Federal Judge Wilkerson at Chicago authorized receiver to accept the settlement agreement involving the $21,000,000. claim. This balance sheet is practically the same as the last published as of April, 1932, the end of their fiscal year.

Missouri & North Arkansas Ry. Co. Purchased by the Missouri & Arkansas Railway Company on Sept. 7, 1935, for $350,000. of its stock.

Missouri, Oklahoma & Gulf Railroad Co. Sold under a Reorganization Plan about 1919, which plan provided for the exchange of bonds of the Missouri, Oklahoma & Gulf RR. for new securities of the Kansas, Oklahoma & Gulf Ry Co. Default having occurred in the payment of interest in 1934 on the Kansas, Oklahoma & Gulf Series A bonds, foreclosure proceedings were again instituted and the road sold in accordance with an order of court, and reorganization plan effected to provide for an exchange of bonds of the Kansas, Okla. & Gulf for Preferred stock of the reorganized company. It would appear that the bonds of the subject company have no value.

Missouri Pacific RR. 6% Ref. bonds, we understand, are worth about $473. per bond.

Missouri Pacific Railway Co. The property formerly belonging to the Missouri Pacific Railway Company was sold under foreclosure proceedings on February 23, 1917 and was thereafter acquired by the present Missouri Railroad Company. Since that time the stock had no value except the privilege, which we believe is still open, to deposit it with the Central Hanover Bank & Trust Company, 70 Broadway, New York depository under the Plan of Agreement of Reorganization of the Missouri Pacific Railway Company, and St. Louis, Iron Mountain & Southern Railway Company. The old stock we believe was assessed $50. per share, which assessment was payable May 22, 1917 after which date interest at the rate of 6 per cent must be added to the amount of the assessment. We believe that each share of old stock on which the assessment with interest has been paid the depositor would be entitled to the following principal amount of securities of the present Missouri Pacific Railroad Company, $50. general mortgage 4 per cent bonds with accrued interest from June 1, 1917, $100. common stock. We therefore suggest that you get in communication with the Central Hanover Bank & Trust Company at 70 Broadway, New York. The securities, which we believe may still be obtained, but to no advantage for the new securities are selling for less than the assessment.

Missouri State Bonds. On the twenty-first day of October, 1861, Mr. C. F. Jackson, Governor of Missouri, and a southern sympathizer, who had left the state capital and gone into southern Missouri, called an extra session of the state legislature to convene at Neosho, Newton County, Missouri. That legislature adjourned from day to day for want of a quorum until October 28th, when, still without a quorum, they passed an act of secession, and voted ten million dollars for defense, and authorized the issuance of defense bonds for that amount. This act did not become a law until November 5th, at which time the legislature had gone from Neosho, Missouri, to Cassville, Barry County, Missouri. Governor Jackson signed this bill in Cassville, Missouri, on November 5, 1861. The bill provided for three commissioners, any one of whom might sign the defense bonds when issued. The defense bonds were issued in pursuance of this act, and of course never had any value except whatever value some Southern sympathizer was willing to allow during the war. Of course, upon the failure of the Confederate cause, these defense bonds became worthless. In addition, the fourteenth amendment to the Federal Constitution, Section 4, forever invalidated these obligations. Section 4 reads as follows: "Public Debt: The Validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States. or any claim for the loss or emancipation of any slave, but all such debts, obligations and claims shall be held illegal and void."

Moa Bay Iron Company. The Moa Bay Iron Company, I understand, was a holding company, owning the entire capital stock of the Moa Iron & Development Corporation and the Levisa Mines Company. The Moa Iron & Development Corporation, it was reported, owned 150,000,000 tons of iron-ore, averaging over 45% metallic iron at Moa Bay, Oriente Province, Cuba. The Levisa Mines Company, it was reported, owned 100,000,000 tons of iron-ore situated south of Levisa Bay, Oriente Province, Cuba. The properties of these companies were amongst the earliest locations made. The mines as blocked out represented the richest portions of the field, having been selected out of original huge blanket locations after careful exploration. When the market crash came in 1929, the metal market suffered with it, tumbling metal prices to such unheard of lows, that not only the mines of the Moa Bay Iron Company were unable to operate at a profit, but practically the whole mining industry. In 1932, because of the generally depressed conditions of the mining industry the company found it impossible to meet its obligations; with the result that on June 9, 1932, its note issue was foreclosed, and the amount received was insufficient to pay the noteholders in full leaving no equity for the capital stock. By that and other proceedings all the assets of the Moa Bay Iron Company, were vested in a Delaware corporation called the Moa Bay Company. The Moa Bay Iron Company was dissolved by the State of Delaware on June 6, 1932. The balance sheet of the Moa Bay Iron Company reported by the Company as of December 31, 1931 showed the following:

Surplus	103,300.00
Due Subscribers on Sec. Conv. Notes	181,200.00
Comstock & Westcott (Option Account)	23,000.00
	$ 1,861,165.27
Book Value Per Share	26.73

The share of the Moa Bay Iron Company had a book value of $26.73 per share as of December 31, 1931, as shown by the company's financial statement attached to its income tax return for the year 1931. It is therefore my opinion that the shares of the Moa Bay Iron Company for the first time definitely became worthless in 1932 following foreclosure of its note issue on June 9, 1932 and its dissolution on that date.

Molecular Telephone Co. Incorporated in New York and according to the Public Service Commission of the State of New York, they have no record of this company. When utility companies are incorporated and are actively engaged in business, their reports are filed with the Public Service Commission. It is reasonable to believe, therefore, that the company never progressed beyond the development stage. In 1911 it was reported that the company had an office in New York City before 1885 and had ceased business in 1888, at which time no value was found for the stock. It is our opinion therefore that the shares are worthless.

Monarch Royalty Corporation. Incorporated in Delaware. Mr. E. E. Berl, former receiver of the corporation, located at Delaware Trust Bldg., Wilmington, Del., informed us on Feb. 18, 1938, that the corporation was not liquidated during its receivership and its affairs were returned to the administration of its directors when the receivership was concluded. The company apparently reinstated its charter and is located at 605 National Bank of Tulsa Bldg., Tulsa, Okla.

Monarch Royalty Corp. We received the following notice to the Stockholders of Monarch Royalty Corporation, located at 605 National Bank of Tulsa Bldg., Tulsa, Okla., signed by A. A. C. Malcolm, President and dated September 20, 1934. "Your Board of Directors takes pleasure in announcing that the Plan of Reorganization set forth in our letter of July 16, 1934, has been approved by the stockholders, and that the same has now become effective, the Certificate of Reduction of Capital and the Certificate of Incorporation, as approved at the adjourned stockholders' meeting on September 5, 1935, having been duly filed upon that date." "At a meeting of the newly elected Board of Directors (consisting of Messrs., A. A. A. Malcolm, Paul S. Ache, William B. Acton, W. B. Laycock and John L. Prehn) held on the same day, a dividend of two cents per share was declared upon the new Series A Stock, payable on November 20, 1934, to all holders of record of said stock at the close of business on November 1, 1934." "It is therefore of the utmost importance that all holders of Class A Preferred Stock without Par Value, and all holders of $1. Par Preferred Stock, should at once forward their stock certificates for exchange, in order that they may participate in this dividend upon the date so set." "Holders of outstanding certificates for Common Stock are also urged to forward the same for exchange at once, in order that the new records may be set up as speedily as possible." "There is no tax on any such exchange, unless the new stock is to be issued in a name other than that of the present owner." "Your Corporation now has but two classes of authorized stock: Common Stock, Series A, and Common Stock, Series B, all of the par value of $1. per share, each class having the powers, preferences and rights set forth in full in said letter of July 16, 1934. You will recall that under the Plan of Reorganization, the holders of the old stock of the Corporation upon surrender of their certificates for cancellation are entitled to receive in lieu thereof certificates representing shares of the new Common Stock, Series A, and Common Stock, Series B upon the following basis:"

"For each share of Class A Preferred Stock without par value, 1½ shares of Common Stock, Series A."

"For each ten shares of $1. Par Preferred Stock, 1 share of Common Stock, Series A."

"For each 100 shares of Common Stock, 1 share of Common stock, Series B."

"Every stockholder should accordingly forward his present stock certificates, accompanied by a Letter of Transmittal in the form enclosed herewith, duly filled in and signed by the owner of such stock, to the Transfer Agent of the Corporation, at its office in Tulsa, Okla., to be exchanged for certificates representing the new Common Stock of Series A or Series B."

We received the following letter from the company dated March 2, 1938 and signed by Frank S. Quinn, Secretary. "We are in receipt of your letter of the 17th inst., and contents duly noted." "In regard to a client of yours holding some of the old preferred stock in this company, we wish to advise you that the company was reorganized in 1934, and we are enclosing a copy of the stockholders letter which went out to all stockholders at that time. You might have your client fill in the letter of transmittal, and return same to this office together with the stock certificate." "As to the company allowing is charter to lapse in 1933, please be advised that this company was in receivership from November 1930 to February 1934. As to the present value of your clients stock, the last quotations we heard from the various investment brokers handling Monarch securities was 2¢-2½¢ for the old $1.00 par preferred, and 30¢-34¢ for the old Class A preferred."

Montana-Chicago Mining Co. According to the Union Bank & Trust Co. of Helena, Montana, this company's property is situated in a good mining district. Mr. I. K. Rosenfield of East Helena, Montana, informed us on Dec. 1, 1935 as follows: "that this company has not operated for a number of years, owing to lack of finances. The showing of commercial ore on the 200 foot level and in the tunnel is very good and especially so at this price of gold." The taxes have been paid up to date and the property is owned by the company. An effort is being made to dispose of the property on a bond and lease and has been so voted.

Shares issued prior to April, 1921 are therefore worthless. Mr. Francis H. Montezuma Silver Mines Corp. The Montezuma Silver Mines Corp. was incorporated under the laws of the State of Nevada on Oct. 5, 1917 and was located at Goldfield, Nev. In 1925 the company developed through a new shaft, which opened high-grade ore. No other work was noted until 1928 when a little development was done. On June 10, 1931 it was reported that activities would be resumed. It was reported that the assessed value of the property was about $15,000. or $20,000. on Dec. 31, 1931. The company also had several thousand tons of ore on the dumps ready for shipment. We were informed that the company was notified in June, 1932 to the effect that they were in arrears for several years on their property tax and if said tax was not paid, the property would be sold at public auction for taxes. On July 1, 1932 the company became delinquent and temporarily forfeited its charter to do business legally. Therefore it is our opinion that the shares became worthless in 1932.

Mook Oil & Gas Company. Value of stock dated 1909. Incorporated in Oklahoma and lost its charter in 1923. In 1919 the company was located at McAlester, Okla., with a branch at Kansas City, Mo. President, Walter Brady, Kansas City, Mo.; Secretary, W. A. Hinchman, Kansas City, Mo.; Treasurer, W. A. Moses. It was reported that the company paid yearly dividends of 10%. It was reported that the company owned 2,000 acres in fee in Washington County, Okla. and drew royalties from wells drilled by lessees. Mr. William Walter Brady, an attorney, and former President of the company, now (1936) located at Scarritt Bldg., Kansas City, Mo., informed us on May 4, 1936 that the company received royalties for several years until the full purchase price of the property was returned to the stockholders. Then the wells began to dwindle down in their production, and it was determined to sell the property. The sale was made in 1920 for $65,000. of which $40,000. was paid in cash and distributed to stockholders and balance of $25,000. was represented by five notes of $5,000. each. These were all paid when they came due, and each year distribution was made over a five year period. The final distribution was made in January, 1925. When all the money was distributed the company ceased to exist. The shares therefore have no value as all the funds were distributed.

Mooney James, Inc. Incorporated in New Jersey on July 24, 1924 and was located at 42 Church St., Montclair, N. J. and James Mooney was the registered agent. Mr. William E. Decker, of the firm of Insley, Decker & Cross, located at 239 Washington St., Jersey City, N. J. who were formerly attorneys for the company, informed us that the company stopped doing business in 1930. Mr. Decker further stated that even while the company was in business the stock was worth little or nothing, and since 1930 we understand that the company has been insolvent. The charter of the company was forfeited in January 1933 for the reason that it filed no report nor paid any tax for the year 1930. Therefore it is our opinion that the shares became worthless in 1930.

On Dec. 26, 1928 two bonds of this company were sold at auction in Philadelphia at $3. for the lot. Mr. Fernando Henriques former secretary of the company is an attorney located at 342 Madison Ave., N. Y. C. Mr. Henriques stated that the Scott Bond & Mtge. Co. went out of business about 1913 at the time the subject company failed. It is also his opinion that the bonds of the subject company are without value. We searched our mining records since 1912 and found no record of the company's operations. Apparently the property had little value as suit was never brought to foreclose on the company's property. It is our opinion that the bonds are without value.

Mortgage-Bond & Title Corp. Del. 1936.
Mortage-Bond & Title Corporation. Incorporated on June 27, 1929, in Delaware to acquire control of the Maryland Mortgage & National Title Company and the Mortgage Bond Company of New York. On January 30, 1931, the Maryland Mortgage & National Title Company was consolidated with the Mortgage-Bond & Title Corporation. The latter corporation also controlled the Mortgage Company of Maryland, Inc. In 1929 the corporation acquired the mortgage business of the Chemical Bank & Trust Company of New York City. In 1933 when the corporation defaulted in interest on its bonds, the Equitable Trust Company of Baltimore, Maryland, was appointed Trustee under 77B of the National Bankruptcy Act for the Mortgage-Bond & Title Corporation, and the Mortgage Company of Maryland, Inc., a wholly owned subsidiary. Under date of December 19, 1933, a committee headed by Mr. T. S. Matthews, representing holders of the company's first mortgage certificates Series 4, 5, 6, 7 and 8, submitted plans for reorganization of these issues. The plans were not to be declared effective by the committee until same had been authorized and/or approved by the Court having jurisdiction in bankruptcy or foreclosure proceedings and the Reconstruction Finance Corporation had advanced funds required for consummation of the General Refunding Plan of the Maryland Casualty Company. A Plan of Reorganization dated October 10, 1934, and filed on October 11, 1934, was confirmed by the District Court of The United States for the District of Maryland, Baltimore, Maryland, on November 19, 1934. Copies of the Plan of Reorganization, dated October 10, 1934, and Order approving Plan, dated November 19, 1934, are annexed hereto, marked Exhibits "A" and "B" respectively. By orders of said Court dated December 28, 1934, and December 29, 1934, the Equitable Trust Company of Baltimore, Maryland, Trustee, was directed to transfer to certain liquidating corporations, formed for the purpose of taking over the assets, all of the assets of said bankrupt and debtor corporation for the purpose of liquidating same for the benefit of creditors only. I have been advised that the following assets of the said Mortgage-Bond & Title Corporation were sold during the year 1934 by the Equitable Trust Company of Baltimore, Maryland, Trustee, for the said bankrupt and debtor corporation. (Letter from the Equitable Trust Company of Baltimore, Maryland, dated January 12, 1938, addressed to Mr. Philip J. Goodhart, 24 Broad Street, New York City, as follows):

Sale—10,200 shares common stock Mortgage Bond Company of New York	$ 1,000.00
Sale—Sundry mortgages and real estate pledged with The Mercantile Trust Company of Baltimore, Trustee	2,660,000.00
Sale—Real Estate—Rome, Georgia	1,200.00
Sale—Real Estate—West Palm Beach, Fla.	2,500.00
Sale—Real Estate—Linthicum Heights, Md.	2,100.00
Sale—Real Estate—Bibb County, Fla.	750.00
Sale—8,486 shares common stock Mortgage Bond Company of New York	2,100.00
Sale—Real Estate—Clarendon, Va.	3,750.00
Sale—Real Estate—Montgomery County, Md.	4,500.00
Sale—Real Estate—Tupelo, Miss.	925.00
Sale—Real Estate—Jacksonville, Miss.	1,000.00

The Equitable Trust Company of Baltimore, Maryland, has advised that the above sales were made at different dates during 1934, the first sale having been made on March 24, 1934, and the last sale on October 9, 1934. On December 31, 1933, no one was in a position to state definitely the amount of proceeds which would be realized on the sale of the above assets. On December 31, 1933, the Book Value of the Common Stock of the said Mortgage-Bond & Title Corporation was $9.07 per share. The Common Stock of the said corporation was traded in on the Baltimore Stock Exchange on December 27, 1934, at 7¢ per share. On December 26, 1934, the Common Stock sold on the said exchange at 2¢ per share. (See Bank & Quotation for January 1935.) On the basis of the foregoing information, it is my opinion that the Common Stock of the said Mortgage-Bond & Title Corporation first definitely became worthless on November 19, 1934, when the Plan of Reorganization, which entirely eliminated the Common Stock from Participation in the Plan, was confirmed by the District Court of The United States for the District of Maryland.

Straley & Hasbrouck, attorneys for the company, located at 256 Broadway, N. Y. C. informed us that their client, apparently one of the principals, was Mr. Elger, who died in 1917 and it is possible that the company is out of existence. We found no record of this company's operations and therefore believe the shares are without value.

Mullins-Cobrink Furniture Company, Inc. Common Stock (Par $100). This Corporation was chartered December 16, 1927 under the name "Mylaw Furniture Company, Inc." The name was changed January 5, 1928, to the present title. The Company succeeded to a business established at 78-84 Myrtle Avenue, Brooklyn, by the late John Mullins who began there in 1873. Afterwards the business was conducted by John Mullins & Sons, Inc., until the present company was organized in August, 1927. Officers: A. M. Cohen, President; Maier Stanton, Vice-President; James J. Brooke, Secretary. In determining a fair value of the common stock of the Mullins-Cobrink Furniture Company, Inc., one must have a general view of the installment furniture business in the particular line that the above company is interested. The Mullins-Cobrink Furniture Company has long term payments and of course greater bad debts. In viewing the net sales of various installment furniture companies, we find that the net income from these sales is only 4 per cent of the net sales showing that a great expense is incurred in collecting and carrying the accounts and a great loss is incurred in loss of interest in carrying the accounts, allowances to customers, return merchandise, bad debts, etc. For the above reasons we believe it only fair to say that the accounts receivable are only worth 50 cents on the dollar, therefore 50% has been deducted from the accounts receivable. In regard to merchandise on hand, it has to be sold and we have the above

abstracts to contend with and believe that only 50% will be realized, therefore 50% has been deducted from the merchandise. If the company were to liquidate, we wouldn't consider the assets to be worth more than 50 cents on the dollar. Fifty per cent has been deducted from the "Fixed Assets", for we believe that used furniture and fixtures are only worth half of their original value. Deferred charges are eliminated from the balance sheet as they are not assets. Regarding "Good Will", stockholders are entitled to a 6% return on the money they have invested and in earned surplus. Therefore in figuring the "Good Will", we have taken a three year period. The company was formed in 1926, had a loss in 1927, and in 1928 had a net income of $44,831.12, which shows that there is no "Good Will", and this item is eliminated from the assets. Organization Expenses have been eliminated from the assets. After deducting 50% from the Accounts Receivable, 50% from Merchandise Inventory, 50% from Fixed Assets and eliminating the Deferred Charges, Good Will and Organization Expenses from the assets, we have a total deduction, from the assets of $1,033,425.21 leaving Total Assets at $781,279.21. According to the above, the unrealized profits in surplus is eliminated. After deducting the Liabilities of $359,683.68, and $192,500.00 preferred Capital Stock, we have $229,095.53 to be applied to Common Stock. We believe that $32.00 per share is a fair value for the Common Stock and submit it as such as of February 22, 1929.

Muscle Shoals, Birmingham & Pensacola Ry Co. The First Mortgage 6% Series A bonds due July 1, 1942 have a decree value of $60.06 per $1000. bond. Collect on unstamped bonds from the Central Hanover Bank & Trust Company, New York City.
Muscle Shoals, Birmingham & Pensacola Railway Co. We were informed on April 5, 1937, as follows: "For your information we quote from a letter of John W. Van Allen, whom we understand represented the majority holders of the Muscle Shoals, Birmingham & Pensacola Railway Co., first mortgage bonds." "I beg to acknowledge receipt of yours of the 22nd inst. with an inquiry as to certificates of John T. Steele as Reorganization Manager of the G. F. & A. Railway." "Briefly, the situation is this. Mr. Steele purchased all of the assets of the G. F. & A. Railway. He transferred these assets to the Muscle Shoals, Birmingham & Pensacola Railway Co., in exchange for such stock and bonds in the Muscle Shoals, Birmingham & Pensacola Railway as might be authorized by the Interstate Commerce Commission." "Mr. Steele pledged this contract with the Muscle Shoals, Birmingham & Pensacola Railway Co., and the bonds and stock to be issued there under to a Buffalo bank as security for his note and used the proceeds of the assets of the G. F. & A. Railway." "Upon approval by the Interstate Commerce Commission these bonds were delivered to the Bank with whom they had been pledged and as the note was not paid, the bank realized from the collateral less than half of the amount of the note upon the sale of the property. There are, therefore, no bonds in the Steel estate and the stock is worthless because of the foreclosure. The John T. Steele estate has not sufficient assets to pay the secured indebtedness and as to general creditors there is nothing from which any distribution can be made. Mr. Steele lost his entire fortune in this project as well as his life, and the investments of others therein are likewise a total loss."

Mutual Profit Realty Company. On Nov. 18, 1918 this company conveyed all its assets to the Mupro Realty Corp. in exchange for the entire capital stock of that company, which was then transferred and delivered to C. M. W. Keck as trustee under a trust agreement dated Jan. 15, 1919 for the benefit of creditors of the subject company. On August 9, 1921 a receiver was appointed for both companies. All the assets of both companies were sold by the receivers and the proceeds were applied to the payment of taxes, assessments, mtges., judgments and other liens upon the real estate, etc. The receivers turned over to the trustee $55,137.43 in cash and two mtges. in the principal amount of $55,000. for the benefit of creditors. As of Aug. 31, 1929 the trustee was authorized to distribute the above pro rata among the bondholders.

Nancy Hanks-Montana Mining Company. Incorporated under the laws of the State of Maine and had an office at 284 Orange St., New Haven, Conn. in care of H. A. Bellows, formerly Treasurer of the company. A letter addressed to Mr. Bellows was returned. In October, 1916 this company purchased a 90% interest in the Nancy Hanks Mining & Milling Co. for $150,000. cash and 25,000 shares of its stock. The Nancy Hanks Mines was operated until the World War when it shut down. Both companies have been idle since then. The property is subject to a bond issue of $100,000. The charter of the company was suspended in 1918. In view of the outstanding bond issue it is unlikely that the stockholders realized anything. We believe the shares are worthless.

National Assets Corporation. Incorporated in Delaware and was located at 527 Fifth Avenue, N. Y. C. in 1930. In April, 1930 the company was temporarily enjoined from further dealing in securities. On March 5, 1932, the company was permanently banned from further sales of stock and securities. After the injunction was signed, Dennis Hurley of 32 Court St., Brooklyn, N. Y. was appointed receiver. Mr. Kaufman of the firm Olvany, Eisner & Donnelly, located at 20 Exchange St., N. Y. C., the attorney for the receiver, informed us that the company was declared bankrupt in 1932. The shares were last quoted in units of 1 preferred and 1 common in 1931. On April 8, 1932, Steelman & Birkins, brokers of N. Y. C. bid 5 cents per share for the common stock. There was absolutely no market for the stock after that date at any price. Therefore, in view of the above, it is our opinion that the shares became worthless in 1932.
National Associated Investors, Inc. Final liquidating dividend of 60¢ per share was authorized in Feb. 1938 on the Class A common stock. The preferred stock received par and accrued interest. The Hartford National Bank & Trust Co. of Hartford, Conn. was Receiver.

National Power & Light Company. Press report dated May 20, 1938: Directors of National Power & Light Company yesterday accepted an increased bid from the city of Knoxville and the TVA for the purchase of the electric facilities of Tennessee Public Service Company for the sum of $7,900,000, an advance of $400,000 over the price offered a few days ago. The city will not purchase the street railway system owned by Tennessee Public Service, nor will the Waterville-Kingsport transmission line be included in the sale. It is understood that the Mayor of Knoxville has forwarded offers of private purchasers for the street car system and that American Gas & Electric Company will purchase the transmission line for approximately $1,300,000.
The sale of this property by the Electric Bond & Share subsidiary will mark the first major negotiation in the purchase of private utilities in the Tennessee Valley area. The original offer made by Knoxville in 1934 was for $5,250,000 though this offer was later increased to $6,088,000. Preferred stockholders blocked the sale of the property at that

time. The company expects to realize about $1,500,000 from the current assets, which, together with the purchase price of the electric and street railway properties, should bring the cash realized to about $10,000,000. After liquidating $7,000,000 of 5% bonds at par there will be between $80 and $90 for each share of preferred stock. Common stockholders will have no remaining equity.

National Provident Union. Incorporated in the State of New York on January 24, 1883 as a membership fraternal society. It was reincorporated on Sept. 18, 1893, under chapter 690 of the Laws of 1893, Volume 66, Page 208, under the supervision of the Insurance Dept., of the State of New York. The Insurance Department informed us on Sept. 2, 1936, as follows in regard to bond No. 5289 issued to Ezra Miller: "....the National Provident Union was taken over for liquidation on December 23, 1909, pursuant to an order of the Supreme Court of the State of New York. The total liabilities of the company were $124,057.73, while the assets realized amounted to $16,011.49. Policy claims, preferred were paid in full, $1,000.00, policy claims, general, amounting to $123,050.00 received 11.95% and miscellaneous claims totaling $7.73 were paid 12.82%. The proceeding was closed on November 3, 1910. According to the above letter all the assets of the National Provident Union were disposed of and closed out by Nov. 3, 1910.

National Provident Union. The Insurance Department of the State of New York, informed us on September 18, 1936, that they have examined the liquidation records of the above society and found no reference to any claim filed by Ezra Miller. The assets of the society were not sufficient to pay in full the death claims as fixed and allowed in the Supreme Court order dated November 3, 1910, and entered in the office of the Clerk of Kings County. The funds in the proceeding were distributed according to court direction. It is our opinion therefore that the National Provident Union bond number 5289 for $1000. is without value.

National Public Service Corporation. As Trustee in Bankruptcy of the above named Bankrupt, we acknowledge receipt of your letter of November 30, 1936. The estate of the Bankrupt is now practically liquidated. For your information, the Trustee in Bankruptcy at present has on hand from the realization of assets approximately $111,000., and it is estimated that the balance of the assets will have only a nominal value. General claims that we estimate will be allowed against the bankrupt estate will approximate $20,000,000., on which no dividends have been paid as yet. Before any distribution can be made to stockholders, creditors must be paid in full. It is apparent, therefore, that there will be nothing for stockholders. All transfer agents have resigned and there are no facilities available for transferring any class of stock of the Bankrupt. The Commissioner of Internal Revenue advised us under date of January 16, 1936, that for income tax purposes the stock became valueless in 1933 and losses resulting from its ownership may be taken only as of 1933.

National Public Utilities Corp. This corporation is still in the hands of Trustees, (October, 1936), and is located at 620 Packard Bldg., Phila., Pa. Until there is a reorganization, there will be no change in the status of the 6% debentures due 1940. A Plan of Reorganization has been filed with the Court by the Reorganization Committee, which Committee, we understand, represents all the necessary securities to effect a Plan of Reorganization, excepting the common stock. We were informed that 1/4 of 1% may be paid for the 6% debentures due 1940 at this time. (Oct. 1936.)

National Republic Stockholders' Trust. Value of cft. of Beneficial Interest. The National Republic Stockholders' Trust was created for the benefit of the stockholders of The National Bank of the Republic at the date of the formation of the Central Republic Bank & Trust Co. Each stockholder of the National Bank of the Republic as of that date, received one certificate of beneficial interest in this trust for each share of National Bank of the Republic stock held by him. The holdings of this Trust consist of the entire capital stock of The National Republic Company, which company in turn holds all of the assets of The National Bank of the Republic not taken into the Central Republic Bank & Trust Co. However, under the consolidation agreement the National Republic Co., assumed certain obligations. These obligations consisted of a guarantee of all of the loans and certain other items contributed to the consolidated bank by the National Bank of the Republic, and its affiliates as well as all undisclosed liabilities of the National Bank of the Republic and affiliates which might develop after the consolidation. The assets of The National Republic Co., are being liquidated and after all of the obligations assumed by this company have been satisfied any further amounts realized from this liquidation will be turned over to the National Republic Stockholders' Trust for distribution to the holders of certificates of beneficial interest. It is impossible to estimate what amount if any may be eventually realized on the certificates which at the present time have no market value. (9/19/1935.)

Incorporated in Illinois under the Not for Profit Act on November 23, 1923 under the National City and Country Club and changed its name to the above on February 15, 1924. Our correspondent in Chicago informed us that this company was promoted by men of good reputation in 1924 and was to be an affiliation of country clubs in various cities. The Certified List of Domestic & Foreign Corporations in Illinois for the year 1933, does not show the subject company nor does the current telephone directory. Apparently the venture was unsuccessful as no value was found for the stock. It is our opinion that the shares are worthless.

est on its funded debt. A plan of reorganization of the company and its subsidiary, Burnee Corporation, dated April 28, 1931, was proposed by the reorganization committee. The plan provided that a new company was to acquire all the stock of Burnee Corporation. The 6% Income Debentures of the new company were to be issued at the face amount thereof in payment of loans held by banks and others. The $6. Class B preferred stock was to be issued at $100. per share in exchange for the 6% Collateral Trust bonds on the following basis: 10 shares of B preferred and V. T. C. representing 50 shares of common stock for each $1000. face amount of such bonds. Holders of common stock of Nedick's, Inc. were to receive one share of new common for each three shares of old stock held. All the right title and interest of Nedick's, Inc. and of the Trustee under the indenture of Nedick's, Inc. dated as of July 1, 1927, in and to 20,000 shares of the stock of the corporation were sold at foreclosure sale in 1931. On August 8, 1931, it was reported that the Reorganization Plan dated April 28, 1931 was declared operative on July 22, 1931. The new company formed was Nedick's Corporation. Nedick's Corporation was formed on July 7, 1931, to succeed Nedick's, Inc. by exchange of securities. The entire assets of this corporation consisted of all the stock of Burnee Corporation and Nedick's Company, Inc. In December, 1933, Burnee Corporation filed a voluntary petition in bankruptcy. Nedick's Company, Inc. the second operating company, was petitioned into bankruptcy by its creditors on March 1, 1934. The Condensed Consolidated Balance Sheet of Nedick's Corporation, Burnee Corporation and Nedick's Company, Inc. as prepared by S. D. Leidesdorf & Company, Certified Public Accounts, located at 125 Park Avenue, New York City, New York, as of July 31, 1933, disclosed the following:

The above balance sheet carries a Goodwill value of $1,096,438.61. These companies had no Goodwill value as of July 31, 1933. After eliminating Goodwill from the balance sheet, the assets as so adjusted amount to $1,280,881.70, against which there were liabilities other than capital of $1,529,266.11. It was foreseen as of July 31, 1933, when the capital stock of Nedick's Corporation had no equity, that the companies were heading towards bankruptcy, and that in a final disposition of their assets the stock would be wiped out. Subsequently in December, 1933, when the Burnee Corporation went into bankruptcy, it is obvious that the shares were then worthless, and it was only a matter of time when the Nedick's Company, Inc. would be forced into banruptcy by its creditors. The entire assets of Burnee Corporation and Nedick's Company, Inc. were sold by the Trustee and Receiver in April, 1934. The amount received from the sale was sufficient to pay the creditors only a small fraction of their claims.

Nedick's, Inc. The 6% Coll. Trust bonds have a liquidating value of $55.09 per $1000. bond. Paid by City Bank Farmers Trust Company, New York City.

Nevada Bellevue Copper Co. (Wash.) Stock was reported to have a liquidating value of from 2c to 3c per share.

Nevada Boy Goldfield Mining Co. Incorporated in South Dakota and its term of existence expired by limitation in 1924. As the company failed to file any reports since incorporation, it is our opinion that the company did not get beyond the development stage and the shares are without value.

Nevada Capital Gold Mining Company. Incorporated in Arizona to develop certain property in Mexico, which proved to be unmineralized. The company went out of business. The charter of the company was revoked on June 14, 1927. The company has failed to file reports since incorporation. The shares in our opinion are entirely worthless.

Nevada Charter Trust Co.	Del.	1936.
Nevada Consolidated Copper Co.	Me.	1933.

Nevada Consolidated Copper Co. On Dec. 15, 1937, the Supreme Judicial Court of Maine, by decree, dissolved the Company and appointed Charles D. Booth of 57 Exchange Street, Portland, Me., as trustee to liquidate the company. Stockholders who have not exchanged their stock for Kennecott Copper Corp., shares on basis of one Kennecott for each two shares of Nevada Cons. received $22.35 per share in cash. Cfts. had to be filed by June 1, 1938.

Nevada Consolidated Gold Mining and Milling Company. Value of Capital Stock. Par value 50 cents. Incorporated in Wyoming about 1904 and was reported as a stock selling scheme, having been promoted by H. P. Goetchius & Co. In 1906 the company was reported in receivers' hands and the mine was closed down. No further trace of the company could be found since then. It is our opinion that the shares are without value.

Nevada Sheba Silver Mining Co. This company was incorporated under the laws of the State of Nevada on May 14, 1920. The articles of incorporation were filed at the request of S. H. Brady, Reno, Nev. The company is now delinquent in the amount of $52.50 for failure to file lists of officers and pay penalties from July 1, 1928 to date. The last list of officers filed shows: W. C. Lamb, President, 544 University Ave., Reno, Nev.; A. H. Sexton, Sec'y, 450 N. 4th St., Phila., Penna.; W. E. Lamb, Agent, 544 University Ave., Reno, Nev. When companies become delinquent they temporarily forfeit their charters to do business legally, but may be reinstated at any time. It was reported that the company's mill burned in 1920 and was dormant thereafter. Apparently the company held its property until 1928 when it ceased to pay its franchise tax. It is probable that the company still holds property, but is remaining in a dormant state.
Nevada Silica Corp. Del. 1934.
Nevada-Utah Mines & Smelters Corp. Incorporated in Maine in 1904 and went into bankruptcy in Feb. 1912. On June 11, 1912, the entire assets of the company were sold for $102,000. The company reorganized as Consolidated Nevada Utah Corp. in 1913, under the laws of Virginia. The stockholders of the old company were only given the right to subscribe for stock of the new company. On Dec. 29, 1923, 800 shares of the company's stock were sold at auction at $1. for the lot. In view of the above we believe the shares are without value.

New Age Publishing Company. In 1924 the New Age Publishing Company which was a Socialist Company although not party-owned, got into serious financial difficulties an aftermath of party persecution during and following the War, etc. Finally the paper they published, the New Age, suspended publication May 1, 1924 and shortly afterward they were forced to sell the printing plant at a sacrifice. The creditors of the company took over what few assets there were, bills receivable, etc. However they could not touch the proceeds of the sale of the printing plant because that was subject to a bondholders' mortgage. Bonds were issued in 1917 or 1918 at $5. each. They did not realize sufficient from the sale to pay more than $3. for every $5. bond surrendered.

"The $500. 7% bond of the New Haven, Middletown and Willimantic Railroad Company due July 1, 1891, referred to in your letter of Feb. 9, was a second mortgage bond. The company defaulted the payment of interest on its first mortgage bondholders in 1873 and the Road was taken over by the first mortgage bondholders under foreclosure, and in 1875 reorganized under the name of Boston and New York Air Line Railroad Company, leaving no equity for the second mortgage bondholders." "Under the reorganization, preferred stock of the new company was issued for the first mortgage bonds of the N. H., M. & W., with the unmatured coupons attached, and common stock was issued for past due and unpaid coupons. The bond referred to in your letter has no value."

No interest has been earned on the bonds for years. However, Dr. Northrop is very optimistic and believes that when conditions get better the bondholders will realize something on their bonds. New Mexico-Colorado Coal and Mining Co. We received the following letter from Montgomery, Peabody, Grace & Derby, 1 Cedar Street, New York City, signed by Frederick H. Poor, and dated December 20th, 1937. "We are returning herewith your bond No. 532 in the amount of $1000., of the Second Collateral Trust Series of the New Mexico-Colorado Coal and Mining Co. In our opinion this Second Collateral Trust Series of New Mexico bond is not entitled to any payment out of the funds of the Fish protective committee of the bondholders of the Second Collateral Trust issue of the New Mexico-Colorado Company for the following reasons:" "From the enclosed report of the bondholders committee, once headed by Mr. Stuyvesant Fish, you will see that at the foreclosure sale of the Second Collateral Trust two committees of bondholders co-operated as purchasers. These committees were of course acting on behalf of bondholders who had authorized them to act by depositing their bonds with the committees and receiving back certificates of deposit." "At the foreclosure sale the two committees bought in the securities underlying the Second Collateral Trust issue, with the idea of foreclosing on the mortgages which these underlying securities represented. They subsequently did foreclose these underlyning mortgages, got possession of the land which was the security for them, sold the last for bonds of the Atchison, Topeka & Santa Fe R. R., and then in turn sold the Atchison bonds for cash, which was distributed pro rata to the holders of certificates of deposit issued by the two committees." "In all the foregoing steps the committees could not properly have represented bondholders of the Second Collateral Trust who had not deposited their bonds with them prior to the various foreclosures, and the committees could not properly have made distribution of the final fund except to those persons for whom they were authorized to act." "Your bond No. 532 is apprantly one which was not presented to the Fish committee. We have gone through the records of the Fish committee which are in our possession but we cannot find that bond No. 532 was ever deposited with the Fish committee, or that the Fish committee ever received any Kellogg committee certificate of deposit representing his bond." "The undersigned Committee respectfully submits the following final report: In 1916 your Committee, of which Mr. Stuyvesant Fish and Mr. Henry C. Sturges were then members (both of them having since died), took up the work of realizing if possible on your holdings. It was necessary first to foreclose the second collateral trust mortgage so as to get possession of the underlying securities and this was accomplished in 1917, the collateral being purchased by Mr. Stuyvesant Fish and Mr. L. Laflin Kellogg, as trustees representing the depositors with their respective Committees. The next step was to foreclose the Yankee Fuel Company trust mortgage and the Santa Fe Raton and Eastern Railway Company trust mortgage so as to get possession of the properties covered by said mortgages. These forclosures were instituted by the two Committees acting jointly, and after considerable difficul-

ty the properties were finally bought in at the sales in foreclosure by Mr. Fish and Mr. Kellogg as trustees for the depositors. It was imposible to operate either of the properties to advantage and finally after efforts to discover a purchaser continuing over a lengthy period, a contract was made between your Committee, the Kellogg Committee and the New Mexico Coal Company, as sellers, and the Santa Fe Land Improvement Company, as purchaser, for the sale of all the properties owned and controlled by the two Committees and the New Mexico Coal Company for the sum of $775,000 in face value Atchison, Topeka and Sante Fe Adjustment 4% Bonds. The delivery of title was a very difficult matter owing to conditions that had arisen during the fifteen years since this property had been originally promoted by E. D. Shepard & Co. There were mortgages to be foreclosed, liens to be adjusted, boundary line claims to be disposed of and sales for taxes to be gotten out of the way. This took a great deal of time and expense but title to the properties was finally passed as of July 1, 1922, subject to the clearing up of certain defects which have only recently been disposed of. Prior to the making of the contract of sale the sellers determined that it was to the mutual advantage of all interests to sell the properties as a whole and they agreed to divide the proceeds of sale on the basis of 8/13ths of the purchase price to the two Committees representing the Second Collateral Trust Bondholders and 5/13ths to the New Mexico Coal Company which owned the adjoining property covered by the contract. The division of the 8/13ths as between your Committee and the Kellogg Committee was on the basis of the bonds deposited with these Committees respectively, namely 741/1786ths to your Committee and 1045/1786ths to the Kellogg Committee. Pursuant to agreement a commission of 15% was paid by the sellers to the late Robert Lawrence who negotiated the sale of the properties, and in order to pay the back taxes and to clear up the question of title without further call on the Bondholders it was arranged to sell enough of the Atchison Bonds and to use the coupons from July 1, 1922, for that purpose. The face value of Atchison, Topeka and Sante Fe Adjustment 4% Bonds received on the sale was $775,000

LESS:		
Bonds paid for commission on sale	$116,250	
Bonds sold to pay taxes, etc	40,000	156,250
		$618,750

Your Committee's share of the $618,750 par value of bonds was 741/1786ths of 8/13ths, making $157,978.72 par value. The fraction of a bond was purchased at 80, the market rate, by the payment of $17.02, and your Committee received $158,000 par value of bonds. Your Committee also received for its share of the cash remaining from the $40,000 of bonds sold to pay taxes and expenses of clearing title, the sum of $2,548.14 and it had collected from its depositing Bondholders the sum of $3,205. Your Committee then proceeded to sell the the $158,000 of Atchison Adjustment 4% Bonds at 80 and accrued interest, receiving on said sale the sum of $127,857.11.

Your Committee charges itself as follows:

Amount collected from Bondholders ..		$ 3,205.00
Cash received from proceeds of sale		2,548.14
Sale of $158,000 par value Bonds		127,857.11
Interest to September 1, 1923		276.13
		$133,886.38

Your Committee credits itself with:		
Its pro rata share of disbursements in the foreclosure actions and for taxes, clearing on titles, etc.	$ 7,932.77	
Charges and expenses of counsel	21,261.61	29,194.38
Leaving a balance for distribution of		$104.692.00

New Orleans, Baton Rouge & Vicksburg RR. Value of 8% bonds due 10/1/1910. Action was brought by Chamberlain against the Union Trust Company, to recover the par and interest of certain bonds issued by this road and was dismissed in Jan., 1915. From reports received, it appears that this road executed a mortgage in 1870 covering after acquired property and another mortgage in 1872 covering a land grant. The railroad it seems did not build any portion of its road or even lay out a line definitely but, after the time to do these things expired, assigned its rights to the New Orleans & Pacific R. R. Company, which subsequently built a line of railroad and obtained patents of public land from the Government. Several suits were brought by bondholders to foreclose the mortgage of 1870 and it was finally held by the United States Supreme Court that the lien of this mortgage did not attach to any lands granted by the Government. In a subsequent action the Supreme Court (1892) intimated that this road never acquired any title to land to which any lien could be attached. It seems as though this action referred to was dropped or discontinued. In view of the above it would appear that the bonds are without value.

Those that deposited under the plan paid assessments of $103.45 per $1000 bond. We received the following from the U. S. District Court, Eastern District of Louisiana, New Orleans, La.

Court met pursuant to adjourment,
President: Hon. E. C. Billings
District Judge

No. 7357—E. D. Morgan and J. A. Raynor, Trustees Vs. N. O. Mobile & Texas R. R. Co., et als. This cause came on to be heard upon the report of the Special Master herein of the examination of the accounts and the vouchers therefor of the Trustees aforesaid Morgan & Raynor with a view to a final settlement until the 13 May 1880, the date of the delivery of the possession of the deed of the property, and the property itself to the purchasers, and it appearing from the report that the accounts are correct and that there remains of the money received from the sale, in their hands for the bondholders who did not join in the purchasing agreement and who have not presented their bonds to the Trustees and generally were not proven to the Court the sum of $109,882.23 as the ratable share of these bondholders; the Court upon consideration thereof orders the Trustees to hold the same for disbursement under the deed of trust, and they deposit the same in the United States Trust Company in New York, subject to their order for that purpose and that the said Trustees be now discharged from their Trust, except for the performance of this duty, and that they report to the court their action herein relative thereto. It further appearing from the Master's report that there remains in the hands of the said Trustees, the sum of Eight Thousand Six Hundred and seventy three 37/100 dollars, arising from the property of the trust, after the payment of charges and expenses, this sum will be paid to the purchasers the New Orleans, Mobile and Texas Railroad Company as reorganized, or into the Registry of the Court for their use. The Court further orders that the Trustees retain and preserve their books of accounts and vouchers subject to any future order of the Court. And the Court was adjourned until tomorrow at 11 A. M.. On June 24th, 1880 on petition of the New Orleans, Mobile & Texas Railroad Company reorganized the $8,673.37 referred to above, which was held in the Registry of the U. S. District Court, New Orleans, La. was paid over to the petitioner. The United States Trust Company of New York City, informed us on March 17, 1938, that the only funds which have been in their hands in recent years which might pertain to these bonds was an amount of $10,887.59 which was turned over to the State of New York on November 6, 1937. It would appear that if these funds are payable on the above mentioned unstamped bonds, a petition must be approved by the Court at New Orleans.

New Orleans Pacific Railway Co. By deed dated June 21, 1881, the Texas and Pacific was consolidated under its own name with the New Orleans Pacific Railway Company and assumed all the liabilities of the latter company. The land grant bonds were a third mortgage on the road and a first mortgage on the lands. The property of the Texas and Pacific Railway was foreclosed in 1887. On Feb. 1, 1888 the Texas Pacific Land Trust was organized by holders of land grant bonds of the Texas and Pacific Railway Company. On June 2, 1888 it was reported as follows: "The bondholder's committee of the Texas and Pacific Railway Company gave notice that on and after June 6th the Central Trust Company will deliver to holders of their trust receipts issued against the deposit of income and land grant mortgage bonds and scrip, the new securities to which they are entitled. The holders of land grant bonds and scrip certificates received certificates of proprietary interest of the Texas Pacific Land Trust. According to the stamp on your scrip you have received such as proportion of said ten land grant bonds as the number of acres of said grant ultimately patented to said company shall bear to one million six hundred thousand acres. The other land grant bonds that were not claimed were sold at foreclosure for $25,000. The following is a letter received from the United States District Court at New Orleans, La. 'Replying to your letter of October 14th, 1932 relative to amount deposited in registry of the court by William Grant, Special Master, to be distributed to bondholders, I beg to advise you that on Jan. 25, 1918 the sum of $2,879.84 less 1% registry fee $28.80 was deposited to credit of Treasurer of the United States and on June 23, 1920 pursuant to an order of Court dated June 22, 1920 the sum of $345.20 was deposited to credit of the Treasurer of the United States being moneys remaining unclaimed for over five years under Section 996 of the Revised Statutes of the United States; at present there is no money in the registry in this matter.'"

New Orleans Pacific Railway Co. Consolidated with Texas & Pacific Railway Company in 1881 by an change of stock share for share and assumption of the company's First Mortgage bonds of 1880. Land Grant Mtge. bonds due 1911, are worthless, as any recovery that might be obtained on the basis of the pro rata share would be negligible.

New York Real Estate & Traders Exchange. Incorporated, New York. This company was sold at bankruptcy sale to the Halcyon Real Estate Corporation. In the reorganization plan bondholders received no par value stock of the new company on basis of one share of stock for each $1000. bond. The stockholders, we understand, did not receive anything in the reorganization. Recently the entire assets of the Halcyon Real Estate Corporation were liquidated and stockholders only received 26½ per share as a first and last dividend.

New York Title & Mortgage Co. Incorporated in New York on Dec. 3, 1901 and owns all of the stock of National Mortgage Corp., Liberdar Holding Corp. and Land Estates., Inc., the latter two companies are in receivership; the National Mortgage Corp. was ordered liquidated on Nov. 17, 1936. The company was taken over by the New York State Insurance Department on August 4, 1933 for rehabilitation. The last published balance sheet as of Dec. 31, 1932, showed assets of $68,304,487. against which there were accounts payable of $327,481. loans payable of $9,379,325. and contingent liabilities of $706,677,259. resulting from guaranteeing mortgages. In view of the small amount of assets compared with the contingent liabilities, we do not believe the stock of the New York Title & Mortgage Co. has any present value.
New York Title & Mortgage Corp. Principal asset consists of stock of New York Title & Mortgage Co., which amounts to share for share of New York Title & Mtge. Corp. stock. On July 15, 1935, an order of liquidation was entered by the New York Supreme Court against the company (New York Title & Mtge. Co.). We understand that an appeal has been filed. However, the Supt. of Insurance states that a loss may be taken on the company stock in 1935. This would also apply to the Corp. whose assets consist of stock of the Co.

New York West Shore & Buffalo Railroad. The property of this company was sold under foreclosure in 1885. In the sale we understand the stock of the company was wiped out, and believe it had no value as of Nov. 11, 1930. First Mortgage 5% bonds of this company dated August 5, 1881 due July 1, 1931 with coupon of January or July 1884 attached have, we believe, a decree value.
New York, Westchester & Boston Railway Co. On Dec. 17, 1937, the court ordered that this company discontinue all operations on Dec. 31, 1937. The company is hopelessly insolvent. The assets are listed at $35,093,000 (book value), and the liabilities $80,000,000 of which tax claims total $25,000,000.
New York & Westchester Water Co. The First Mortgage 6% bonds dated Dec. 1, 1890, and due 1920, received $85.76 per $1000. bond. Collect from the Central Hanover Bank & Trust Company, New York City. The 5% Prior Lien bonds due October 1, 1927, were held subject to the First Mortgage 6% bonds and therefore are worthless.
New York & Westchester Water Company. 5% Prior Lien Mortgage Bonds due October 1, 1927. First capitalized with $500,000. in bank. Soon a Second Mortgage was issued for $500,000. Later a Prior Lien Mortgage was made to take preference over the other bonds. Only $200,000. of Prior Lien Bonds were sold, and the Court of Appeals at Albany was expected to hand down a decision as to whether the bonds were valid or not (1903). tral Trust Companies, as trustees and bought by the City of New York. The property outside of the City of New York was purchased by the New York Water Company. We have definitely ascertained that the First Mortgage 6% Bondholders realized only $85.76 per $1000. bond, and the Second Mortgage was wiped out. We do not know the title of the case that was to ascertain the legality of the 5% Prior Lien Bonds, and for this reason we were unable to get a report of the decision. According to the above distribution on the First Mortgage Bonds it is our opinion that the Court of Appeals at Albany handed down a decision to the effect that the Prior Lien Bonds were subject to a First and Second Mortgage, and received nothing from the proceeds received from the foreclosure sale.

Niagara, Lockport & Ontario Power Co. Value of Common Stock or Rights Entitling Holder to Common Stock as of 1908 or 1909. As of December 31, 1908, and December 31, 1909, the company had outstanding 20,000 shares of 6% Preferred stock, Par Value $100. each. and 20,010 shares of common stock of $100. each. For the period ending December 31, 1907, 1908 and 1909, the company showed losses after fixed charges of $114,273.01 for 1907, $36,202.75 for 1908 and a profit of $16,113.31 for 1909. It would appear from the above that the common stock had little, if any, value in 1908, and

a nominal value in 1909 although the company did not earn its preferred dividend. The rights of course were worthless in 1908, and in 1909, the rights may have been worth 1¢, depending upon the call price.

Nineteenth Ward Bank, New York City, 1884. Changed name August, 1911 to Security Bank.
Nineteenth Ward Bank. Organized in New York City in 1884 and changed its name in August, 1911 to Security Bank. The Security Bank was liquidated by Messrs. A. Ross Appleton and H. M. Wolfe, Cashiers. Attorneys in the matter of the dissolution of said institution were Messrs. Wing & Russell of 14 Wall St., N. Y. C. Mr. Thomas E. Wing, formerly of the above law firm, now located at 14 Wall St., N. Y. C. informed us that after the depositors were paid in full there remained some real estate and other frozen assets that belonged to the stockholders. However, in order to carry on the liquidation of these frozen assets it was necessary to borrow money. After these assets were liquidated there was not enough money realized to pay their loan leaving no equity for the stock, which is without value. Therefore, we submit the shares of the Nineteenth Ward Bank and Participation Cfts. in the excess assets of the Security Bank as worthless.

North Jersey Securities Company. Incorporated in New Jersey on May 31, 1928 and so far as the State records are concerned as of Feb. 20, 1936, the company is still in good standing. The principal office is located at 2 Central Ave., Hackensack, N. J. and Kenneth H. Zabriskie is the agent for the corporation. We addressed a letter to the company at the above address and received a reply from the Hackensack Trust Co. of Hackensack, N. J., who referred us to William H. Zabriskie, President of the Company, located at Oradell, N. J.

North Jersey Securities Co. Mr. Zabriskie informed us on July 26, 1936 that the company originally loaned money on second mortgages. When the depression set in the Hackensack Trust Co. took over the assets of the corporation for the money borrowed. The only money the company can realize at this time is to assign the second mortgage to the First Mortgage holders for a few hundred dollars in order to save the first mortgage holders the expense of foreclosing. As conditions are now, it is doubtful whether the bank loans will be paid in full.

North River Terminal Company. Value of 1st Mtge. 6% bonds due 1934. The Securities Realization Company of 141 W. Jackson Blvd., Chicago, Ill., informed us as follows on February 9, 1937: "There has been no favorable change since the enclosed mimeographed letter of Dec. 10th, 1935. The 'tax-title' which the township of North Bergen has secured is so obscure that it is questionable whether the authorities could satisfy a prospective purchaser for the property unless a quit claim deed from the company and from the trustee for the bondholders were included. It is therefore possible that the township officials will, in event of sale, cooperate by settling the tax claims at a reasonable figure. In the meantime, bondholders have an advantage in that no further taxes or interest and penalties are accumulating against that part of the property which has been forfeited by tax foreclosure. It is very difficult to attach a value on these bonds today. We know of no market for them." On June 28th, 1937, we received the following letter from the Securities Realization Company of Chicago: "The only favorable change that has taken place since the mimeographed letter of December 10, 1935, sent to all bondholders by the Successor-Trustee is the filling-in of Tracts C and D at the top of the Palisades, with rock and earth, excavated from the Mid-Town tunnel under the Hudson River. This has been done at no cost to us and has changed the property from an irregular valley to a flat plateau level with the Hudson Blvd. As mentioned in the mimeographed letter, Tract A, or the river front property has been foreclosed for back taxes of nearly $1,500.00. However we believe that the tax title secured by the Township of North Bergen is so faulty that the Township might experience difficulty in disposing of the property without cooperation from the North River Terminal Co. If our assumption is true and we are able to secure a purchaser for this property, in the near future, it is possible that the Township officials will make a reasonable settlement with us on the back taxes which would realize an appreciable recovery for the bondholders." "Because the situation is not too promising there has been no activity in the market for these bonds."

On July 22, 1925, an affidavit to the effect that the company had ceased to carry on business was filed by Messrs. Murphy, Fisher, Sherwood, Clark & Robertson, Barristers, of Ottawa, Ontario. Under date of December 19, 1928, the company was dissolved. Messrs., Clark, Robertson, MacDonald & Connolly, Barristers, located at 56 Sparks Street, Ottawa, Ontario, informed us as follows on March 2, 1938: "We acknowledge receipt of your letter of February 21st, re Northwest Oil Exploration Company of Canada, Ltd." "Our firm, under its former name of Murphy, Fisher, Sherwood, Clark and Robertson, acted as solicitors for this company. The particular members of the firm who attended to the business of that company are no longer with this firm." "According to our file, it would appear that as far back as January of 1925, the company had lost all its assets and had ceased to carry on business. This company was incorporated by letters patent of the Dominion of Canada dated May 27th, 1921, and in the exercise of its corporate powers it acquired by purchase and took assignments from leesees of large numbers of petroleum and natural gas leases of the Dominion of Canada. It prospected for oil but made no discovery and its capital became exhausted in payment of rentals and expenses of its enterprises and eventually such of its leases as had not been cancelled for failure to pay rentals were voluntarily surrendered by it to the Dominion Government for cancellation by reason of arrears of rentals owing thereon to the Dominion Government." Nyanza Mills. We received the following letter from Nathaniel F. Ayer, Treasurer of the company, located at Boston, Mass., and dated Feb. 11, 1938. "I would advise that I informed the stockholders at the meeting on February 3rd that all machinery, excepting a small amount which might bring $10,000 has been sold. There was in the bank on Dec. 31, 1937, $63,190.12 and we have a splendid building for sale, which is in the hands of Charles Whitier & Bro., Real Estate dealers. Owing to present conditions, we have not yet found a customer for the real estate, although we have had many parties who seemed interested." "We paid $4.00 a share on account of liquidation Nov. 12, 1936, but since then there have been no dividends in liquidation declared, as we had hoped to sell the building and balance of machinery and then make a final declaration."

Ohio Electric Railway Company. 2nd and Gen. Mortgage 5's of 1943. The property of the subject company was sold at public sale on August 15, 1922, pursuant to foreclosure proceedings brought by the holders of the company's prior first mortgage gold bonds, for the sum of $2,000,000. Payment was made in the form of a certificate of deposit covering the entire principal amount of said first mortgage bonds. There were no other bidders at the sale and the price named constituted the minimum or upset price set upon the property by the Court which subsequently confirmed the sale. As the full amount of the principal and interest represented by the First Mortgage bonds as well as the costs amounted to almost $6,000,000. any outside bidder would have been compelled to offer in excess of this sum in order to have obtained the property. Such an amount was, in the judgment of the Bondholders Protective Committee, considerably more than the actual value of all the property concerned. The second and general mortgage 5% bonds due 1943 are therefore of no value.

Company was organized under the laws of New Jersey on December 29, 1699, with an outstanding capital stock of $9,000,000. par $100., and in 1908 had an office at 2 Rector Street, New York City. In May, 1908 the company was reorganized at which time it was stated that 90 per cent of the holders of the bonded indebtedness had deposited their holdings with a bondholders committee, leaving 10 per cent non-assenting bondholders. The latter were paid in cash from the net proceeds of the properties. The property was sold at foreclosure on October 1, 1908. On January 20, 1910, 230 shares sold at auction for $4. the lot and on October 9, 1920, 200 shares sold for $6. the lot. The New Jersey charter was revoked in 1909. In view of the above we submit these shares as valueless.

Ohio Southern Railroad Company. This road was sold under foreclosure of the first mortgage to committee of the first mortgage bondholders on October 15, 1898, and the sale was confirmed on February 24, 1899. On March 4, 1899 the Receiver surrendered the property to the purchasing committee. Up to 1901 there had been no plan of reorganization agreed upon. Then in February, 1901, F. J. Lisman & Company of New York purchased the road and in June a plan or reorganization was adopted. The road became known as the Detroit Southern Railroad. The first sale of the road above mentioned brought $2,000,000. Car trust debts and back wages were first paid and then in August, 1901 first mortgage bondholders received for each bond, with December, 1896, and all subsequent coupons attached, represented by such certificate, $1000. Detroit Southern first mortgage 4% Gold Bond, bearing interest from June 1, 1901, the sum of $48.33 in cash ($8.33 thereof being interest from March 15th to June 1st), and a certificate entitling holder to participate pro rata in any further distribution of cash when received by the committee, and as determined by it, as provided in the agreement of February 20, 1901.

Ohio Southern Railroad Company. The Clerk of Courts of Allen County, Lima, Ohio informed us as follows: In reply to your letters of July 21st, and August 15th, concerning certain Receivers Tax Notes and Certificates of Indebtedness, issued by the Receiver of the Ohio Southern Railroad Company. This case was started in May, 1895 and a Receiver was appointed for The Ohio Southern Railroad Company. Additional receivers were appointed and new receivers upon resignation of the other receiver and it ran through this Court for almost thirteen years. The mass of manuscripts involved and the numerous records in this case would necessitate a search to answer your question which might occupy a great many days and then we would not be able to answer your question as to the value of these certificates. This office is not in a position to give this service and we would suggest you employ some competent person to look up these records. In closing I would state that I seriously doubt if there is any value to these certificates at this time. The receivers were discharged and the Railroad Company was reorganized under the name of The Detroit, Toledo and Ironton Railroad Company. Later, control of this company was obtained by Henry Ford, and I believe the road is now part of the Pennsylvania system.

Ohio Southern Railroad Company. The Detroit, Toledo and Ironton Railroad Company which now operates the property formerly owned by the subject company,

informed us that it is their opinion that the Receivers' Certificates have no value whatever. This report sort of agrees with the statement of the Clerk of Allen County, Ohio in which he states that the Receivers' Certificates probably have no value, as the receivers were discharged years ago.

Name State Date Charter Forfeited

Oklahoma Woodchuck Zinc Lead Company. Incorporated under the laws of the State of Delaware on May 5, 1917, and became inoperative and void on April 1, 1935. The last annual report filed which was for the year 1931, listed the following officer: President, R. M. Atwater, Jr., 30 Broad St., N. Y. C. This company transferred its leases to the Interstate Zinc & Lead Company in 1927 for a stock consideration in that company. The Oklahoma Woodchuck Zinc Lead Company also owns a majority interest in the property known as the Townsite Mine. The Interstate Zinc & Lead Company was incorporated in Delaware in 1926 to engage in the production of zinc and lead. Owing to reduced prices for zinc and lead the company's largest mine was closed down in November, 1929. Operations at its other two properties were suspended in 1930 or 1931. The Interstate Zinc & Lead Company was placed in the hands of receivers on December 3, 1931. Receivers certificates amounting to $17,235. as of December 31, 1934 were sold to a few bondholders for the purpose of protecting the company's interests and properties. The Interstate Zinc & Lead Company as of February, 1934, was working the tailings of the Woodchuck mill. It also worked certain sands for about four months in 1933. The General Balance Sheet of the Interstate Zinc & Lead Company for the year ending December 31, 1933, disclosed the following:

Current Assets	10,121.
Deferred Assets	1,452.
Total	$ 2,744,747.

LIABILITIES	
Funded Debt	$ 621,500.
Receivers' Cfts.	17,235.
Current Liabilities	73,474.
Interest Accrued	108,343.
Liabilities Accrued	2,577.
Deferred Debts	5,128.
Total	$ 828,257.

On July 17, 1934, Ayres J. Stockley and Edwin H. Gift were appointed Trustees under Section 77-B of the Bankruptcy Act for the Interstate Zinc & Lead Co. A rehabilitation of the company in 1934 would have wiped out any equity for the stock. This was confirmed by the fact that the first mortgage bonds were selling at 6 flat as of December 31, 1934. The Townsite Mine in 1934 was encumbered with claims for a substantial amount of taxes. As far as the stockholders were concerned as of December 31, 1934, when the company failed to pay its property and two years franchise taxes, the company would be legally out of existence in April, 1935 and would eventually lose its property by default. In view of the above, I believe that as of December 31, 1934, the shares of the Oklahoma Woodchuck Zinc Lead Company were entirely worthless because the surrounding and attending circumstances indicated that a reorganization would have been hopeless. The stock of the company had no market at any price as of December 31, 1934. I am convinced that as of December 31, 1934, the company's plight was permanent, but am contented to write off at least 75% of the investment as uncollectible, with a recommendation that the write-off should be substantially more than 75% as of the above date.

The corporation was dissolved by being adjudicated a bankrupt by the U. S. District Court at Alexandria, Va. prior to July 1, 1928. On appropriate order of Court all of the assets were sold and the amount realized was not sufficient to pay the creditors in full, leaving no equity for the stock, which is without value.

Old Hundred Mining Company. Value of Capital Stock. Company was incorporated under the laws of the State of Maine in June, 1906, and had an office in the Guardian Building, Cleveland Ohio. The company had a first mortgage bond issue which was given in payment for the property and also had a floating debt of $150,000. In 1920 it was reported that the property was poorly managed and the company had been inoperative for some time. We are of the opinion that the property reverted to its original owners in payment for their bonds, leaving nothing for the stockholders.

We received the following letter from Jenkins & Hardy, Licensed Trustees in Bankruptcy, 1305 Metropolitan Bldg., Victory and Adelaide Streets, Toronto, 2.Canada written on June 9, 1937. "The above Comapny made an authorized assigment to me in 1935 and since that time I have been liquidating the assets and disbursing the funds to the parties entitled to them. On June 2nd I disposed of the remaining block of real estate in Toronto which will enable me to pay the ordinary creditors in full. After paying these claims and interest, there should be some funds available for distribution to the preferred shareholders. It is impossible to say how much will be disbursed to them at this time." "There is property in Alberta and approximately $40,000. worth of outstanding accounts still to be realized, but due to condition in Western Canada it is practically impossible to obtain any cash on these accounts. In any event there will be no monies available for the preferred shareholders within two years."

Orchard Coal Company. Value of common stock, par value $10. Value of 8% preferred stock, par value $100. Incorporated under the laws of the State of Illinois and had its principal office at Public Square, Marion, Ill. in 1925. President, D. S. Gent, 2514 Sheridan Rd., Evanston, Ill.; Secretary, John M. Herr, 7417 Jeffery Ave., Chicago. Mr. Herr informed us on Dec. 13, 1935 that this company was taken over by the Standard Coal Co. Reinhart, both of Scranton, Pa. were the incorporators. The business office was located in New York City. Mr. F. R. Sherwin was reported as the fiscal agent in Baltimore. The U. S. Their correspondent in California who investigated the property the company claimed to have owned there, reported that the company was unknown and that the property was wildcat property with no producing wells. The shares in our opinion are without value.

Pacific Smelting and Mining Company. This company was organized under the laws of Maine on October 6, 1909. It was the consolidation of the Douglas Copper Company and the Mexican Exploration & Mining Company. No dividends were paid. Unsettled conditions in Mexico undoubtedly was the reason for the failure of the prospect to materialize. In 1920 the stock was quoted as valueless for inheritance tax purposes, and the company reported out of existence in 1925. We therefore submit that as of October 29, 1928 the stock was without value.

Incorporated under the laws of the State of New York in 1929 for the specific purpose of manufacturing a certain road material to be exported to foreign countries. After the market crash in October, 1929, the corporation was unable to obtain any foreign contracts because of the exchange and prohibitive duties. It was reported that shop-keeper's would not interview American salesmen. The corporation being unable to transact business and having no assets, ceased to exist several years ago. Mr. Paddock also informed me that when the company went out of business it had no assets and its shares were without value. Page & Shaw, Inc. Value of Class A Stock. On June 9, 1930, Hugh D. McClellan of Boston, was appointed receiver for the company. The appointment resulted from proceedings brought by a minority stockholder, to recover for the corporation about $10,000. alleged to have been paid out as bonuses in connection with the sale of Class "A" stock of the concern. In August, 1931, the company filed a voluntary bankruptcy petition, listing absolute claims of $300,000. and assets of $200,000. In Nov., 1930 Otis E. Dunhan and two Boston brokers were convicted for fraud. In January, 1931 the assets of the company were sold to the Daggett Chocolate Co. for $160,000. There were insufficient funds to pay the creditors in full, leaving no equity for the capital stock, which is without value. The District Attorney wanted testimony to convict the above men. It was reported that each received about two years and were fined. The shares are absolutely worthless.

Palm Oil Company. Value of 135 shares of capital stock. Incorporated under the laws of the State of New Jersey and is located at 1100 North Avenue, Plainfield, New Jersey. Mr. Robert H. Moore of 1450 Broadway, New York City, informed me that the company now has exclusive use of the "Pepp Patent" which is a device to extract kernels from palm nuts. Mr. Moore stated that there is an open market for the kernels at this time at the rate of $120 per ton. Until the company actually operates and sells the kernels, the stock will only have a problematical value. Therefore, it is my opinion that the shares had only a nominal value as of July 4, 1936.

Pasquaney Trust Association. Value of capital stock. This Trust Association was formed in December, 1922, and is comprised of the graduates and friends of Camp Pasquaney, a boy's camp, situated in the Town of Hebron, New Hampshire. Adjoining this camp is a piece of property consisting of about 140 acres of timber land. A lumber company purchased this land and planned to cut off the timber and erect cottages and thereby destroy the privacy of the boy's camp. The Alumni subscribed to the stock of the Pasquaney Trust Association at $10 per share and purchased the land from the lumber company. The money was given more as a donation than an investment. In view of the fact that the 140 acres were acquired to perpetuate the life of the camp and were not to be used for commercial purposes. I believe that the shares had only a nominal value as of March 7, 1935.

Peninsula Construction Co. We received the following letter from the First National Bank, Baltimore, Md., signed by Mr. Charles Hann, Asst. Cashier, and dated April 20, 1938. "We refer to your letters of April 4th and 8th, regarding the Peninsula Construction Co., incorporated in 1894. We communicated with the Trustee for the Estate of Douglas H. Gordon, who was president of the company in 1906, and they advised they have had several lots of this stock come in on various estates and they charged it off as valueless. They also advised that they found in their old files several copies of letters written by Mr. Gordon regarding this stock, namely—(1) letter dated 5/22/1906 advising stockholders of 5% distribution. (2) letter dated 2/1 1908—reply in reference to inquiry stated the stock was practically valueless and that if any further payment was made it would be infinitesimal. (3) letter dated 2/5/1916—reply in reference to inquiry stated the stock has no value." "The above information was received by us from a source which we feel is reliable.

Pennsylvania Canal Company. The District Court of United States, Philadelphia, Pa., informed us on October 20, 1935, that there was a fund held in the Registry of their Court, placed there in a case of a proceeding in Equity, entitled Brown et al, vs. Pennsylvania Railroad Company, No 677 April Period, 1911, but after some payments had been made out of the fund, it was, on June 6, 1926, paid over to the Treasury of the United States. At that time escheat proceedings had been begun in the Court of Common Pleas in Philadelphia, Pa., looking toward the escheat to the Commonwealth of Pennsylvania of the unclaimed balance therein.

Peoples Light & Power Co. No opposition to plan proposed for reorganizatin of corporation was recorded at the hearing before Judge John P. Nields in U. S. District Court. (Del.) Class A common stock of the new corporation will be issued to holders of first lien bonds. (12/1936).

Name State Date Charter Forfeited

Peoples Light & Power Corp. Incorporated in Delaware on March 10, 1926 and was placed in receivership on Nov. 27, 1931. A petition alleging insolvency was filed and during 1934 the U. S. District Court for the District of Delaware, through a Master appointed by it, determined that Peoples Light & Power Corporation was insolvent. However, Hugh M. Morris, trustee informed us on Dec. 7, 1935 that it is impossible for him to state whether the 6% preferred stock of this company will ever have any value. According to the tentative plan of reorganization submitted by bondholders on Nov. 19, 1935 the holders of the preferred stock would be given warrants to purchase new Class B common stock. It is therefore impossible to determine the future value of the stock, but we cannot say that it is worthless at this time and do not believe the investment would be allowed as a tax loss. However, if this plan is approved the shares apparently would be wiped out. We suggest that you keep in touch with Mr. Morris, at Dupont Bldg., Wilmington, Del., regarding this plan. (1935.)

Peoples Mutual Telephone Co. Value of 6% bonds dated July 1, 1898. This company secured a franchise to install a telephone system in San Francisco but was apparently unable to finance the installation. An attorney named James L. Crittenden, who was back of the enterprise died some years ago. It is the general impression that such rights as were acquired by the company were never taken over by other interests.

Peoria, Decatur & Evansville Railway Co. The U. S. Circuit Court approved the sale of this road to the Illinois Central. The First Mortgage bonds of both divisions and C/D for same, received $1,035. per $1000. bond and certificate. The C/D were paid by the Central Hanover Bank & Trust Company, New York City. The Colonial Trust Company paid 14% on the Second Mortgage bonds.

Peoria & St. Louis Railway Co. Value of First Mortgage 5% Bonds due 1936. The Irving Trust Company, New York City, informed us as follows on June 8, 1937: "No funds are on deposit with us with which to pay either principal or interest on Peoria & St. Louis Railway Company first mortgage 5% Gold Bonds due 1936 about which you ask in your letter of June 7, 1937." "The Receiver for the Railway Company, Mr. Thomas A. Hall, Springfield, Ill. informed us in April 1909 that he had instructed his attorney to make application to the U. S. Court and close the receivership." He also said that "There is nothing of any consequence on hand and never has been." Under the circumstances, it does not seem that the bond in question has any value, but you may wish to substantiate this by writing to the Receiver.

Permanent Mortgage Corporation. Incorporated in Delaware and is located at 66-70 West 40th St., N. Y. C., in care of Morris D. Kopple. (1936.) According to a report issued by the company on July 1, 1936 the company had $579.05 in cash and valued their remaining assets at not more than $2500. The company was petitioned into bankruptcy in 1933, and control of the affairs of this corporation was restored to the stockholders on July 5, 1934, at which time there were sufficient assets to pay only a small dividend on the Class AA preferred stock. It is our opinion that all classes of stock junior to the Class AA preferred stock became worthless in 1933 when the company was petitioned into bankruptcy. As far as the value of the Class AA preferred stock is concerned it is our opinion that the shares have very little value as of Nov. 20, 1936.

Photo Electric Devices, Inc. Incorporated in New York on Oct. 19, 1927 and the attorneys were Mann, Buckbaum located at 886 Broadway, Brooklyn, N. Y. Mr. I. Buxbaum informed us that the man who promoted this company has skipped and cannot be found. It appears to have been a swindle. A lot of stock was sold to Mr. Buxbaum's clients and it has bothered him terribly about it. The shares are absolutely worthless. Mr. Buxbaum will be glad to give you any further information.

Mr. Bolles, who is an attorney, informed me on Sept. 9, 1937 that this corporation went into liquidation through application at the Attorney General's office; and on the sale of the assets sufficient was obtained to pay the expenses of dissolution, but nothing was realized for either the creditors or stockholders.

Photomaton, Inc. Incorporated in New York on January 8, 1925 to conduct a general photographic business. At the end of 1929, it was reported that the company had fifty-five (55) studios of its own, three (3) studios in department stores and six (6) studios operated by licensees. On May 24, 1935, Ehrich, Royall, Wheeler and Walter, Solicitors for the Receivers, located at 20 Exchange Place, New York City, informed me as follows: "We give you the following information in compliance with the request contained in your letter of May 23rd, 1935." "The above named corporation was placed in receivership in the United States District Court for the Eastern District of New York by order dated October 30, 1930. Attached to the preliminary report of the receivers, filed under date of December 5, 1930, was a balance sheet of J. Bender, C. P. A. showing total assets of $4,636,505.84 against total liabilities and debentures aggregation $340,547.57. The receivers were authorized to continue the business which they did until December 5, 1931. On such date the going business was transferred by the receivers pursuant to order of the Court to a purchaser at a judicial sale for the amount $4,268.55. After such sale the receivers had various accounts receivable which were regarded by the receivers as worthless and cash in bank of a comparatively small amount. In addition the receivers had a claim

Name State Date Charter Forfeited

against Photomaton Operating Corporation a subsidiary of the above mentioned corporation, in the amount of $2,540,299.24. However on the above mentioned date, that is December 5, 1931 the assets of Photomaton Operating Corporation, which was also in equity receivership before the same Court, were transferred by the receivers pursuant to judicial sale for the sum of $22,731.45. It was therefore quite clear on December 5, 1931 that the stock of Photomaton, Inc. was worthless. As a matter of fact there were insufficient assets in the hands of the receivers of Photomaton, Inc. and Photomaton Operating Corporation to take care of the respective preferred claims of creditors and no distribution of any kind has been or will be made to the general creditors," "We have only our office copy of the above mentioned balance sheet of Photomaton, Inc. which you may examine at this office. If you prefer, a duplicate is on file in the above mentioned Court under Equity No. 5241." I found the following quotations for the Class B common published by the National Quotation Bureau of New York.

Name of Broker	Date	Bid	Asked
Herzog & Glazier, N. Y.	10/14/30	500 @ ¼	500 @ 1½
John J. O'Kane & Co., N. Y.	11/7/30	¼	1
Van Tuyl Smith & Co., N. Y.	11/8/30	200 @ ¼	200 @ ⅝
Wm. C. Orton, N. Y.	11/15/30	½	1½
Wilson & Merz, N. Y.	11/19/30	⅛	none offered
Sheffield & Co., N. Y.	2/9/31	¼	2

Therefore, in view of the fact that the shares had a substantial equity in 1930 and that the company's assets were not disposed of until December 5, 1931, it is my opinion that the shares first became worthless on December 5, 1931, when the amount received from the judicial sale was less than the creditors claims.

Allen, one of the directors of the company, that those who invested in these bonds did so with the understanding that their money would be returned at the date of maturity as there is seldom an active market for bonds of this type. However, interest is being paid and there is sufficient real estate to insure full payment on the bonds should it be neccessary to sell same to pay off the mortgage. In view of the above we believe par or $1000 a fair value.

Pierce-Arrow Motor Car Company. Incorporated in New York on August 22, 1928 and was located at 1695 Elmwood Ave., Buffalo, N. Y. The Pierce-Arrow Motor Corporation acquired the assets of the Pierce-Arrow Motor Car Co. and its subsidiary Pierce Arrow Sales Corp. pursuant to plan of reorganization dated Oct. 29, 1934, which was approved by the United States District Court at Buffalo on March 30, 1935. The plan of reorganization made no provision for the stockholders of the Pierce-Arrow Motor Car Co. However, stockholders were given the right to subscribe to Conv. 7% cum. preferred stock at par $5. on or before April 15, 1935. In view of the above we believe the shares are without value.

Pierce, Butler & Pierce Manufacturing Corp. Incorporated under the laws of the State of New York on Sept. 25, 1914, and succeeded as of Oct. 1, 1914 to the business of the Pierce, Butler & Pierce Mfg. Co. sold under foreclosure on Sept. 22, 1914. The company was adjudicated bankrupt on Dec. 15, 1932, and on July 27, 1934 the company filed a petition in U. S. District Court at Utica, N. Y. seeking to reorganize under section 77B of the Corporate Bankruptcy Act. The Chase National Bank of New York as Trustee advised under date of April 4, 1935 that it had filed claims on behalf of holders of the company's 1st S. F. 6½% due Oct. 1, 1942 but to date, validity of claim had not been adjudicated. The funded debt is listed as follows:

Federal Radiator Co. 6's ..... 203,000.

We were informed by the Secretary of the Committee that it is proposed to get the reorganization through this year. The new company will exchange its common stock for the above securities. No provision will be made for the stock. Therefore, if the reorganization goes through in 1935 the non-depositing bondholders who received cash may deduct the loss in 1935, that they suffered as the result of a sale. However, if the depositing bondholders received stock in a new company in exchange for their bonds, a loss may be taken only when the new stock becomes worthless or when the stock is actually sold and a loss is suffered on the original investment. The losses may only be taken when the actual sales take place or in the event that the bondholders take cash and have suffered a loss. However, if the reorganization does not go through this year, the losses may only be taken when a loss has occurred through a sale or taking cash after a sale. The losses may not be taken in any previous years, if the bonds have not been sold as said bonds still have value and the company is a going concern. (1935.)

Pilot Radio & Tube Corp. Incorporated March, 1929, to acquire the Pilot Electric Manufacturing Co. Inc., a business established in 1911. The principal offices were located at Lawrence, Mass., and 522 Fifth Ave., N. Y. C. On April 17, 1933, W. L. Eckhardt was appointed temporary receiver for the company. An involuntary petition in bankruptcy was filed against the company on May 1, 1933, by Century Wood Preserving Corp. and others. On June 1, 1933 O. E. Jackson was appointed Referee in Bankruptcy and on June 12, 1933 W. L. Eckhardt was made receiver in Bankruptcy. On August 8, 1933, the company was sold at trustees' sale in bankruptcy to an unnamed New York firm for $125,000. The Pilot Radio Corp. informed us that the creditors only received 8% on their claims from the proceeds of the sale leaving no equity for the capital stock. Therefore, it is our opinion that the shares first became worthless in 1933.

Porcupine Gold Ridge Mines Co. Incorporated in Maine and filed its last return in 1917. The company's charter was suspended in 1918. We searched our mining records back to 1910 and found no record of the company's operations nor any value to the stock. It is our opinion that the shares are without value.
Porcupine Keora Mining Company, Ltd. Value of 300 shares of common stock. Incorporated in Ontario and was reorganized in 1926 as the Keora Mines, Ltd. Shareholders of the old company received one share of new stock for each two shares held. The new shares were last quoted in 1929 at 1/4 cent per share. The company's property has been idle since 1926. As of February 20, 1931, the current assets of Keora Mines, Ltd., were $2,215 and current liabilities of $5,511. In view of the above we submit only a nominal value for the shares as of February 20, 1931.

Powder River Gold Dredging Company. Incorporated in California and is located at 351 California Street, San Francisco, California. Mr. E. J. Gorman, Secretary of the company, informed us on April 5, 1938, that the subsequent to December 31, 1936, an attempt was made to interest capital in the financing and operation of the Hobbs-Hassayampa placers. This did not meet with success, due to the very small indicated margin of profit, as revealed by the prospecting, and subsequently, it seemed advisable to relinquish the option held on these properties. A claim for additional federal tax on account of 1934 income, was compromised by the payment of $1,425.73 on October 19, 1937. Mr. Gorman further stated that the company has no tangible assets other than $237.70 in cash, to offset a claim which is pending from the State of California for additional 1934 tax which claim is in excess of the cash on hand.

C., informed us on April 30th, as follows: "Colonel Tainter has received your letter of the 27th addressed to him at Far Hills, N. J. He does not know what has become of the Power Development Company, but his recollection is that some 20 odd years ago, its funds being exhausted, the administration was taken over by Mr. George D. Cross, who has since died, and administered by him as far as he could arrange it. Several small collections were made by him at the time. Colonel Tainter's judgment would be that the stock has no value."

The company was organized to manufacture alcohol at New Orleans. We were informed that the company failed to erect their plant in New Orleans as the city authorities would not give a permit. It was further reported that the company never had a plant nor did any business. The promotion apparently fell through when the State Savings Bank of New York failed as officers of said bank were the leading interests in the subject company. Price-Campbell Cotton Picker Corp. Organized in 1910 to develop the cotton picking machine invented by Angus Campbell. Practically all the funds raised were subscribed by personal friends of Mr. Price who received stock in the company. The capital raised was spent in experimenting and improving on the machine as originally designed by Mr. Campbell. The company has had no funds in its treasury for ten years. The company has no assets of value and the only potential value that the shares have is to be found in an agreement entered into with the International Harvester Company. The Harvester Company agrees to pay the subject company 10 per cent of the net profits derived from the manufacture and sale of the cotton picking machine during the ten years ending January 1, 1938. Thus far the Harvester Company has not put the machine on the market. It has been experimenting and redesigning it. The International Harvester Co. informed us on April 9, 1935 as follows: "With further reference to the Price-Campbell Cotton picking machine, regret to say that although we have expended an enormous amount of effort and money in our endeavor to perfect this machine, as yet, we have not been able to develop it to a point where we feel that it will prove commercially satisfactory. Replying to the third paragraph of your letter, we are not in position to inform you as to what action, if any, we will take regarding the matter at the expiration of the contract."

Puebla Smelting & Refining Co. Incorporated in Delaware in October, 1912 and according to reports owned in 1931 a 72 interest in the Cia Minera Explotadora El Magistral y Anexas, and also sundry lands in the Magistral District, Mexico. Due to the revolution the property has not been operated since 1913. Funded debt, $1,000,000. 6% debentures. Company last reported at 2 Rector St., N. Y. C. in care of C. H. Bassford, President. Reed & Chapman, attorneys, located at 2 Rector St., New York City informed us on Sept. 28, 1936 that Mr. Bassford died about six years ago, and that they believe the company has been thoroughly dead for at least fifteen or twenty years. As far as they know the company has no property of any value and believe that the company's charter was forfeited years ago. The charter was forfeited in 1917. In view of the $1,000,000. of bonds outstanding it appears that the shares would not be recognized in the event of a reorganization. The shares in our opinion are worthless.
Pueblo Lodge, Inc. Md. 1936.
Pueblo State Fair Association. The following letter was received from our correspondent at Pueblo, Colo. on April 22, 1936. "The Pueblo State Fair Association was organized in 1887, and financed by popular subscription, for which shares of the corporation were issued. The names you mention were prominent citizens and business men, and were the officers, directors and principal stockholders. All of these people are gone, with one exception, and he is incapacitated. In later years, two of these members were governors of the state, another a State Treasurer, and another Secretary of State. With the funds obtained, a tract of land was purchased for Fair Ground purposes, and which becoming valuable, was sold in the 90's with the proceeds of which another tract was purchased for the same purpose, for a less amount, the difference of which was paid to the stockholders as a liquidating dividend, which you mention. The Fair Association did not prosper in the succeeding years, and became badly involved which obligations were taken over by the State of Colorado and the value of the original stock, reduced to nothing."

Pulaski Anthracite Coal Company. Value of Bonds dated 1905 and due 1935. The Fidelity Union Trust Company, East Orange, N. J. informed us on November 8th, 1937 as follows: "Upon inquiry we received a letter from one of the receivers of the company dated August 25th last, in which he stated that the final sale of the property was held on October 23, 1935. The sale price was $10,000 but the amount of the claims against the receivers, plus labor claims which were given priority by the Court, exceeded this amount. This of course left no funds for distribution among the bondholders and the securities of the company became worthless. If you wish any further information concerning the company you may write to Mr. John C. Parrott, Roanoke, Virginia."

Puritan Canning Company. Incorporated in Massachusetts and is located at Room 1045, 50 Congress Street, Boston, Mass. We received the following letter from Mr. Chas. Y. Wadsworth, of the firm of Hill, Barlow Goodale & Wiswall, located at 53 State Street, Boston, Mass. and dated January 22, 1938. "This will acknowledge receipt of your letter of December 28, to the Puritan Canning Company. It has been turned over to us, as counsel for the company, by Mr. James, the Clerk." 'We are informed by Mr. James that, for a number of years, the company has done no business and that since about 1930 he has been attempting to find a purchaser for the Company's property, so that liquidation can be made. At the present time the assets of the company consist of a factory and land in Plymouth, notes receivable, some machinery, and a small amount of cash. The notes receivable are believed to be uncollectable. Recently an agreement to sell the factory, land and machinery for $7,600 has been executed, but has been held up by an attachment of the real estate in a suit by a real estate broker claiming commission. The total outstanding liabilities, we are informed, which consist chiefly of taxes and a claim by Mr. James for services, will probably not exceed $3,000. The number of shares outstanding is three thousand."

Rainbow Lode Development Co. Mr. Walter B. Congdon, a director of the company located at Lonsdale Bldg., Duluth, Minn., informed us on March 6, 1936, as follows: "In my opinion the stock of this company has no value. Although the company has not gone out of existence it is for the reason that the company's assets nowhere equal the company's debts. All of the company's money was spent in acquiring the company's property and the sinking of shafts and doing other underground work. No merchantable ore was found and the company ceased work in 1917 when all of its money had been spent. It later sold its equipment and with the approval of the holders of most of the bonds bought securities with the proceeds of these sales. It was the purpose of the officers, if possible, to build up the current assets to an extent which would take care of its debts and leave some equity for the stockholders but this hope has not been realized." Rangeburnett Oil Company. Organized in Delaware and was located at 15 Broad St., N. Y. C. The charter of the company was forfeited in 1923. We searched our oil book back to 1919 and found no record of this company's operations. A reliable correspondent of ours informed us in 1921 that the company was a promotion of Paul A. Neuman & Co. which was notorious for its swindles. We submit the shares as worthless.

Our railroad record for 1890 states that this company purchased equipment from the funds received from the sale of bonds. According to the last statement published only $16,500. of bonds were sold. The record states that the road was never constructed. It appears that when insufficient funds were received the project was abandoned. It was reported in 1903 that the road was not built and that the bonds were without value.

Squire, Supt. of Banks, in Charge of Liquidation of the Guardian Trust Co. of Cleveland, Ohio, in reply to a request as to whether any further liquidating dividends would be paid on the 2nd Preferred stock: "We advise that upon dissolution in 1930 there was lodged with us the only remaining unliquidated asset, a claim against the Mexican Government for damage to the mines by Revolutionaries. The claim has been filed with a Joint Commission created by the Governments of the United States and Mexico. It is understood that if the claim is allowed, payments will be made over a period of years. We recommend that the stock be held even though it seems doubtful if anything further will be realized."

Mexico. The company had outstanding $230,000. of first mortgage bonds, Scranton Trust Co., Scranton, Penn., trustees. In 1922 the company was reported idle owing to revolutionary disturbances in Mexico. We found no record of any activity since then and believe that the property either belongs to the bondholders or has reverted to the Mexican Government by default. We found no value for the stock and believe the shares are without value.

Richfield Copper Company. We received a communication on Nov. 4th, that the entire property of this company was sold out on the first mortgage over 15 years ago at sheriff's sale, and no equity remained for the stock which is without value. The worthlessness of the stock was confirmed by the trustee for the bondholders. (1935.)

Richfield-Leon, Inc. N. Y. 1935.

Richfield Oil Company of Calif. Value of Scrip Cfts. for Class "B" common shares of the Pan American Petroleum Co. Supplementing our report in Volume V, Bancamerica-Blair Corp., informed us on March 27, 1937, as follows: "The certificates were to be exchangeable for certain shares of stock if litigation, which was then pending, was terminated in favor of the company. The result of the litigation was unfavorable and the Scrip Certificates are practically worthless." Properties and assets were transferred to Richfield Oil Corp., in 1936. New stock was issued to bondholders of the Richfield Oil Co. of Calif. Federal Judge William P. James on December 31, 1936, approved the reorganization plan for above company and Pan American Petroleum Co., as submitted by Cons. Oil Corp., and Cities Service Co. (1936).

Richfield Oil Company of California. Value of Scrip Certificate for 21 shares of Class "B" Stock of Pan-American Western Petroleum Company. In July, 1928 the Richfield Oil Company of California offered to purchase the remaining shares of outstanding Class "B" Stock of the Pan-American Western Petroleum Company as follows: In event Pan-American wins the suit brought by the Federal Government against its wholly owned subsidiary, Pan-American Petroleum Company, involving Ells Hills leases, Richfield Oil Company will exchange one share of its Common Stock for each two shares of Pan-American "B" Stock. In event of an adverse decision basis of exchange will be one share of Richfield Common for three shares of Pan-American "B" Stock. The Pan-American Western Petroleum Company won the suit, but the Federal Government has appealed; until a decision is rendered, nothing can be realized on the scrip. When a favorable decision is made the scrip should be sent to Bancamerica Blair Corporation in New York City for exchange. In view of the above we submit only a nominal value for the scrip as of March 27th, 1931.

Richmond-Eureka Mining Co. Incorporated in Maine and is controlled by the United States Smelting, Refining & Mining Co. The address of the company is 75 Federal St., Boston, Mass. Mr. C. A. Hight, President of the company, informed us on July 16, 1936 that the property of this company has been shut down for several years. The only mining done on the property has been by a few lessees, producing a very small amount of ore from the old working. Mr. Hight knows of no market for the stock.

Richmond Eureka Mining Co. (Maine) Value of Capital Stock, Par Value $100. Incorporated in Maine and is located at 75 Federal Street, Boston, Mass., in care of C. A. Hight, President. Mr. Albert Fries, located at 1133 Broadway, N. Y. C., informed us on July 19, 1937, that the company's mine has been leased to Dr. B. S. W. Buffam of 67 Yonge St., Toronto, Ontario, Canada, who has turned same over to a new corporation, called Eureka Corporation, Ltd. Mr. Thayer Lindsley, President of the new corporation purchased some Richmond Eureka Mining Company stock on July 7, 1937, at $9.00 per share, and has taken an option on 20,000 more at the same price. According to Mr. Fries, Dr. W. F. James informed him almost two years ago, that Mr. Hight, President of the United States Smelting, Refining & Mining Co., refused to sell or option any part of their holdings at $9. per share. This same condition existed in January 1937, and as of August 10, 1937, the stock was bid at $8. per share with no offers. In view of the above option and sale at $9. per share, I believe that $9. per share is a fair value as of January 8, 1937.
